HEALTHY LIFESTYLES @ DE BOHUN

In addition to the hour of 'Active Play' every lunchtime, weekly PE lessons and a huge range of extra-curricular sports, games and activities, we would like to introduce De Bohun's 'Morning FIT Club!' Hosted by Mr Lyons, this is an opportunity for the whole family to spend 35 minutes in the morning getting their minds and bodies ready for the day ahead. Activities could include: The Daily Mile, Multi Sports or Circuit Training.

All completely free! Look out for the leaflet - starting Monday 29 October.

Please see our Facebook Page for more photos!

Thank you to all the parents and carers that came today to watch the very informative 6HS class assembly regarding Internet Safety!

6HS taught us all about age restrictions on computer games and the SMART rules (Safe, Meeting, Accepting, Reliable, Tell) and also parental controls on devices!

STEM @ DE BOHUN

A big thank you to Step Teachers who kindly donated two VEX IQ robotics kits last week. These kits will enable the children to design, build and program their own robots as well as learn lifelong skills in problem solving, teamwork, communication and leadership. Our aim is to create a robotics team to represent the school in future VEX IQ competitions. Watch this space!

Key Dates

Tuesday 9 October

Pupil Photographs
