Another fantastic class assembly

Well done to RMM for their amazing assembly today. All our audience were very impressed with the high quality reading and singing skills on display.

Homework Club

Please remember that we run our homework club, every day from 8:00am in our Computing Suite. Please feel free to join us.

STEM @ De Bohun

This term, children have been working on some exciting projects in STEM Club. After exploring gravity and air resistance through parachute making, the children went on to build their own marble run with a range of different materials found at home, mostly recyclable. The children had to think about how the marble would run through the different holes, how different factors would affect this and also how to support the structures inside. The entire process required a lot of reflection and resilience which the children were brilliant at.

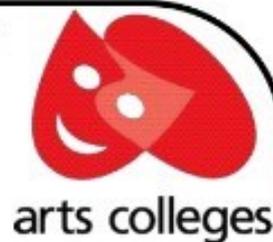

East Barnet School invited a group of children to their VEX IQ Robotics London Regional competition that they were hosting, which was exciting and engaging. The event displayed how teams had progressed in terms of design, engineering and the autonomous programming of their Robotics. It was also a chance to see how the participants worked effectively as part of a team, highlighting their confidence and enthusiasm.

From possibility to reality...

The Friern Barnet School
Production of

Disney
**HIGH
SCHOOL
MUSICAL**
ON STAGE!

This amateur production is presented by arrangement with

Music Theatre International (Europe)

All authorised performance materials are also supplied by MJI Europe
