## Help your children understand...

There is a fantastic website to help your child understand the recent events in the media.

The website [www.winstonswish.org.uk](http://www.winstonswish.org.uk) has a page called: 'Responding to children and young people affected by the media coverage of the incident in Manchester'.

Be honest with your children and help them understand.

### TRIPS

All the decisions we make at De Bohun have the safety of children and staff at the very center.

As a result of the increased terrorist threat level we are risk assessing all planned trips and taking advice from the Local Authority and the Police. This may result in a number of things such as a change in transport method or additional accompanying adults. However, it may also result in the trip being cancelled.

If this happens, we will work really hard to find an alternative as quickly as possible.

We understand that this is frustrating for everyone, but please support us in making decisions we believe to be in the best interests of our children.

### EMERGENCY PLAN

Because of recent events, we have followed national advice to enhance our Emergency Plan. This current plan has an effective strategy to evacuate the school. But we are going to add a 'lockdown' procedure.

This will involve teachers asking children to position themselves in the classroom in the safest possible way and lock the classroom door.

We will practice this procedure after half-term. We will ensure that it is done in the safest and calmest possible way for all children.

We have also revised all our security procedures, so please do not be offended if a member of staff ask who you are!

We will ensure that we make the school the safest place possible for our children.

Save the  
date!

## Anti-Bullying

The Senior Leadership Team have written guidance on how the school will deal with this very important matter in the future. Please have a look at it on our website:
