1.0 AIMS AND OBJECTIVES

The De Bohun Way

At De Bohun we strive to provide a caring ethos where everyone in the school community feels safe, confident, valued and respected. The primary aim of our behaviour policy is to promote good relationships so that everyone can work together to support learning through a positive behaviour management approach. This approach provides **a means of promoting good relationships, so that children and staff can work together with the common purpose of helping everyone to learn**. We speak calmly and respectfully to the children, modelling how we would like them to speak with us and others.

The Behaviour Policy should acknowledge the school's legal duties under the Equality Act 2010, in respect of safeguarding and in respect of pupils with special educational needs (SEN)

2.0 THE BEHAVIOUR CODE

Outstanding behaviour at De Bohun is learnt through following the **De Bohun Way**. Our behaviour code is based upon 5 key areas:

- Remembering to keep the **De Bohun Way** (Appendix A)
- Adhering to the '**De Bohun Way** Chart' (Appendix B)
- Adopting the Learning to Learn skills (Appendix C)
- Awarding ticks and merits for good behaviour for learning (Appendix D)
- Embedding core British Values (Appendix E)

This behaviour policy sets out rules and responsibilities to ensure this behaviour code can be achieved by everyone. Good behaviour is rewarded by receiving ticks and merits. The De Bohun Way also applies to playtimes and lunchtime.

We understand the children with a Special Educational Need or Disability on roll in our Additionally Resourced Provision (ARP) may find adhering to the behaviour code challenging. We still have high expectations of behaviour from all children on roll in the ARP, however, the children follow slightly different behaviour guidelines (Appendix F)

Merit Cards

Merits and ticks are part of our reward system to encourage pupils to utilize their full efforts in all areas of the curriculum and aspects of school life. They support the **De Bohun Way** by encouraging pupils to follow our rules.

Pupils can earn merits and ticks from any member of school staff in two ways:

- They can earn a whole merit for outstanding behaviour, behaviour for learning and learning outcomes or
- They can collect ticks to earn a whole merit.

Pupils will start at bronze level and continue to silver, gold and platinum. All classrooms from Reception to Y6 have the pupils' merit cards on display. Pupil names will move to the next level on the display board once their card is completed. Staff ensure that efforts are made that no child goes without having recognition of their achievements.

Completed merit cards are given to the Senior Leadership Team (SLT) and the children will receive a badge and a certificate in Golden Assembly. When a pupil completes their platinum merit card, a governor will present their badge and certificate in Golden Assembly in celebration of the pupil's outstanding achievement.

ASD Provision Behaviour

We understand that the children in our ASD provision have additional needs that might affect their behaviour. We have different behaviour expectations for the children in our ASD provision. We understand that children in Sunshine and Starlight class sometimes exhibit behaviours beyond their control. We recognise that sometimes children time to self-regulate and need their own de-escalation strategies regulate their emotions. We also follow the **De Bohun Way** by using the key phrases – Kind hands, Kind feet, Kind words to support the 3 school rules. This is accompanied by visual cards to support the child's understanding.

Supporting behaviour in the ASD provision follows the process below-

1. Two verbal warnings are given
 - First verbal warning - using visuals on the staff lanyards. All staff have the same visuals.
 - Second verbal warning –using the class happy/sad behaviour chart. The picture of the child is moved to the sad face by the adult with an explanation as to why
2. If the child continues the inappropriate behaviour, they are taken for thinking time. This happens in a quiet corner of the room or calm room. The adult remains with the child at all times and uses a timer to countdown to show the child how long they have remaining in time out. The thinking time area has a visual poster of the actions the child needs to do to show they are ready. If inappropriate behaviour continues in thinking time, the timer is paused until the child is ready to settle.
3. Once the timer is finished the adult tells the children finished – using the Makaton sign. The child is put back on the happy visual and re-joins the activity. If the child continues in inappropriate behaviour, the process starting with verbal warnings begins again.

We use a variety of ways to support the children with their behaviour, allowing them to stay calm and developing strategies to regulate themselves. To support the behaviour in the provision we use:

- Visuals
- Positive Behaviour plans
- Short, clear phrases
- Communication friendly environment
- Calm voice/tone
- Coming to the child's level – not standing over the child. Using the phrase 'eyes on me'
- Structured timetable
- Using specific strategies for individual children
- Reference to the visuals in the classroom and staff lanyards of the De Bohun way.

Supporting documents.

All children have an 'all about me' wallet on the classroom wall which provides information about the child's likes and dislikes. Each child also has a positive behaviour support plan (PBSP) which is stored in the 'all about me' wallet which allows any adult to learn about the strategies and ways to support the child. All behaviour is tracked in a behaviour log.

Restraining

Restraining a child is always a last resort. All our adults that work in the ARP and Provision are PRICE Trained (Protecting Rights in a Caring Environment). If PRICE handling techniques have been used to ensure safety of the child and others a handling form will be completed. Parents will be called to inform them their child has become overwhelmed and that PRICE handling techniques were used. The form is then discussed with the parent and copy is given to the parent. Children who are at higher risk of needing this intervention have a personalised risk assessment and positive handling plan in place. Staff involved in the incident then meet to reflect.

De-escalation techniques

Our approach to behaviour in Rainbow class is to do all possible to keep the children calm, despite the anxieties they might be feeling. We use a range of de-escalation techniques such as choices, timers, limited language (if necessary), checklists, visuals, reducing expectation of work, individualised timetables are used. Some children have specific strategies which is listed on their Risk Assessment

ARP Behaviour

We have a high expectation of behaviour from all children at De Bohun, however, we understand that the children in Rainbow Class have additional needs that might affect their behaviour. We therefore operate with slightly different behaviour expectations for the children in our Additionally Resourced Provision. We understand that children in Rainbow class sometimes exhibit behaviours beyond their control. We recognize that sometimes children time to self-regulate and need to know their own de-escalation strategies regulate their emotions. We also follow the De Bohun way by using the key phrases – Kind hands, Kind feet, Kind words. This is accompanied by visual cards to support the child's understanding.

Reward System in Rainbow Class

Children in Rainbow class have golden time daily and choose a reward at the start of each day during the morning circle time so they have a goal to work towards. They collect stars after each session to earn their reward

The staff in Rainbow class are always prepared to reward the children with praise by using the traffic light system. If the children are beginning to show behaviour that is inappropriate, verbal warnings and visual chances using the traffic light system are used to allow the child to correct their behaviour

Unsettled behaviour

If a child is becoming overwhelmed and extremely anxious, the child will be offered a space to calm with adults supporting them. This is the child's choice, often children choose our sensory room. If the child is still showing signs of unsettled behaviour, opportunities will be given to ensure the child has chances to calm with adults supporting the self-regulation process. During this time, if they have become violent, PRICE trained staff will intervene. If the child has hurt an adult or another child, the next day, the teacher will use the restorative justice book and address anything that may have happened.
