

Computing Curriculum Map Vocabulary

Year Group	Autumn	Spring	Summer
Reception	Safe, personal, private, information, trusted, adult, stranger, click, safe, online, photos, images, device, iPad, camera, portrait, microphone, display, digital, animation, e-card, occupation, program, software, video, password	Safe, personal, private, information, trusted, adult, stranger, click, safe, online, program, software, exotic, sequence, materials, digital, video, camera, iPad, device, keyboard, password	Safe, personal, private, information, trusted, adult, stranger, click, safe, online, device, iPad, camera, video, technology, microphone, program, software, keyboard, password, direction, pictogram, graph, transport, right turn, left turn
1	Personal information, stranger, address, passwords, private, trusted adult, worried, polite, online, login, safely, technology, copyright, e-safety, permissions, private, import, sort, edit, keyboard, save, type	Personal information, stranger, address, passwords, private, trusted adult, worried, polite, online, login, safely, algorithm, clip, edit, film, instructions, recipe, robot, iPad, video, illustrate, character, eBook, edit, illustration, motor, Bluetooth	Personal information, stranger, address, passwords, private, trusted adult, worried, polite, online, login, safely, algorithm, debug, instructions, predict, programming, robot, treasure. Direction, pictogram, data, collate, chart
2	Inappropriate, stranger, personal, information, address, passwords, private, technology, email, address, attachment, database, evidence, fact file, header, safety, Google Safe Search, KidRex, Kiddle, mind	Inappropriate, stranger, personal information, address, passwords, private, photos pixel, portfolio, theme, editing, design, debug, solve, Google Safe Search, KidRex, Kiddle, mind map, presentation, research, search, search engine	Inappropriate, stranger, personal information, address, passwords, private, collecting, recording, data, classification key, database, photograph, tally chart, tick chart, animation, code blocks, algorithm, interactive, sprite, character,

	map, presentation, research, search engine		stage, background, motion, event, control, circuit, electricity
3	Personal information, acceptable/unacceptable, behaviour, respect, search engine, internet, presentation, narration, Creative Commons, copyright, images, audio, screencast, safety, Google Safe Search, KidRex, Kiddle	Personal information, acceptable/unacceptable behaviour, respect, audio, close-up, editing, footage, panning, shooting, video camera, zooming. sensing, control, command, event insert, delete, align, layout, slide show, review, transitions, animations.	Personal information, acceptable/unacceptable behaviour, respect, collect, analyse, bar chart, graph, binary digital electronics, power of, remainder, base-2, number system, bug, debug decomposition input, output, interactive, degree turns, artificial, electric current, circuit, components, positive, negative, earth, switch, conductors, insulators.
4	Concerns, inappropriate, behaviour, acceptable, unacceptable, technology, Hardware, software, RAM, applications, hardrive, disk, monitor, graphics card, motherboard, components, peripherals, memory, network, mouse, keyboard, CPU (Central Processing Unit), connection, speaker, HTML- Hypertext markup language, text, headings, website, hyperlinks, webpage, URL.	Concerns, inappropriate, behaviour, acceptable, unacceptable, technology, decompose, selection, sequence debug, input, output, circuit, positive, negative, earth, conductor, insulator	Concerns, inappropriate, behaviour, acceptable, unacceptable, technology, variables, input, output, ranking, evaluation, analogue, digital, data logging, automation, spreadsheets, predictions, temperature, barometer, gauges, anemometers, sensors, formatting, axes, scatterplot, forecast, wiki, mind mapping, reliable.

<p style="text-align: center; font-size: 2em; font-weight: bold;">5</p>	<p>Ownership, responsibility, strong passwords, personal, identity, report, digital content, reliable, unbiased, collaborative, consequences, decomposition, conditions, variables, sensing, patterns, combining, location, symmetry, predicting, analyse, evaluate.</p>	<p>Ownership, responsibility, strong passwords, personal, identity, report, digital content, reliable, unbiased, collaborative, consequences, website, webpage, cybersafety, web developer, content, page ranking, review.</p>	<p>Ownership, responsibility, strong passwords, personal, identity, report, digital content, reliable, unbiased, collaborative, consequences, architecture, aligning, forces, circuit, virtual space, blogging, commenting, copyright.</p>
<p style="text-align: center; font-size: 2em; font-weight: bold;">6</p>	<p>Social media, collaborative, opinion, media platforms, effectiveness, digital technology, broadcasting, operators, variables, random, defining blocks, client, rotation.</p>	<p>Social media, collaborative, opinion, media platforms, effectiveness, digital technology, IP address, domain name, data packet, switch, modem, router, server, Wi-Fi, transmit, protocol, component.</p>	<p>Social media, collaborative, opinion, media platforms evaluate, simulation, audience, LED analyse, panoramic.</p>
