2. What to do if you have a welfare concern in De Bohun primary School

At all stages, the child's circumstances will be kept under review
The DSL/Staff will request further support if required to ensure the child's safety is paramount

De Bohun Primary School & Children's Centre

3. Introduction and Ethos

- **The purpose of this policy is:**
 - To protect the safety, welfare and well-being of the pupils on roll at our school
 - To set out the school's overarching principles, approaches and systems to child protection and safeguarding across all aspects of school life.
 - To ensure staff are aware of their statutory safeguarding duties and responsibilities
 - To ensure staff are well-equipped and confident to recognise and report child protection concerns
 - To promote an open and listening culture where everyone can voice concerns in the knowledge they will be believed, helped and supported.
- **Our core safeguarding principles are:**
 - **Promotion**
 - making sure pupils, parents, staff and all adults that come into contact with children know the systems and the support in place to keep children safe and there is a culture of vigilance permeating across the school
 - **Prevention**
 - positive, supportive, vigilant, open and safe culture. Well taught curriculum that includes relationships and online safety, pastoral opportunities for children and safer recruitment procedures
 - **Protection**
 - following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
 - **Support**
 - for all learners, parents and staff, and where appropriate specific interventions that are required for those who may be at risk of harm.
 - **Working with parents and other agencies**
 - to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.
- De Bohun Primary School recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, volunteers, governors, leaders, parents, families and learners) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Staff and other adults working with children at De Bohun Primary School are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned.
- De Bohun Primary School believe that the best interests of children always come first. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- De Bohun Primary School recognises the importance of safeguarding and the promotion of children's welfare at all times. Safeguarding is embedded in all the school's processes and procedures and at the heart of our school to provide an ethos and environment that will help children to be safe and feel safe. In our school, children are respected and encouraged to talk openly. All our staff understand safe professional practice and adhere to our safeguarding policies.
- De Bohun Primary School expects that if any member of our community has a safeguarding concern about any child or adult, they should act **immediately**. This includes out of hours when the DSL may not be available to speak to, in which case a direct referral should be made to social services – see contact details at the start of this policy.
- This policy is implemented in accordance with our compliance with the statutory guidance from the Department for Education, '**Keeping Children Safe in Education**' 2023 (KCSIE) which requires individual schools to have an effective child protection policy.
- The procedures contained in this policy apply to all staff, including governors, temporary or third-party agency staff and volunteers and are consistent with those outlined within KCSIE 2023.

De Bohun Primary School & Children's Centre

4. Legislation and guidance

- This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes:
 - DfE Keeping Children Safe in Education 2023 (KCSIE)
 - Working Together to Safeguard Children 2018 (last updated 1 July 2022) (WTSC)
 - Ofsted: Education Inspection Framework' 2019 (revised June 2021)
 - Framework for the Assessment of Children in Need and their Families 2000)
 - Early Years and Foundation Stage Framework (EYFS) September 2021
 - The Education (Independent School Standards) Regulations 2014
 - The Non-Maintained Special Schools (England) Regulations 2015
 - Multi-agency statutory guidance on female genital mutilation (July 2020)
- Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.
- Other legislation this policy is based on:

Legislation	What it covers
School Staffing (England) Regulations 2009	<ul style="list-style-type: none">• Lists what must be recorded on the single central record• The requirement for at least one person conducting an interview to be trained in safer recruitment techniques.
Children's Act 1989 (and 2004 amendment),	<ul style="list-style-type: none">• Provides the framework for the care and protection of children.
Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015 (Section 5B(11))	<ul style="list-style-type: none">• Places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18.
The Marriage and Civil Partnership (Minimum age) Act 2022	<ul style="list-style-type: none">• Officially came into force on 27 February• This act prohibits 16 and 17-year-olds from marrying or entering into a civil partnership, regardless of whether they have parental consent.• Also an offence to cause a child to marry before 18th birthday, also applies to non-binding unofficial marriage.
Rehabilitation of Offenders Act 1974	<ul style="list-style-type: none">• Sets out when people with criminal convictions can work with children.
Schedule 4 of the Safeguarding Vulnerable Groups Act 2006	<ul style="list-style-type: none">• Defines what 'regulated activity' is in relation to children

5. Human Rights, Equalities and Public Sector Equality Duty

- De Bohun Primary School is aware of its obligations under the Human Rights Act 1998 (HRA), Equality Act 2010 including its Public Sector Equality Duty) and the local multi-agency safeguarding arrangements in Enfield and other local authorities that pupils may reside in (Haringey/Barnet/Islington).
- The governing body and senior leaders recognise that, under the HRA, it is unlawful for schools to act in a way that is incompatible with the Convention. The specific convention rights applying to schools are:
 - Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
 - Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals' physical and psychological integrity
 - Article 14: requires that all of the rights and freedoms set out in the Act must be protected and applied without discrimination, and
 - Protocol 1, Article 2: protects the right to education.
- The governing body and senior leaders recognise being subjected to harassment, violence and or abuse, including that of a sexual nature, may breach any or all of these rights, depending on the nature of the conduct and the circumstances.
- The governing body and senior leaders will adhere to the Equality Act, will not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).

De Bohun Primary School & Children's Centre

- The governing body and senior leaders will pay due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics and means that whenever significant decisions are being made or policies developed, the governing body and senior leaders will give specific consideration to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.

6. Related Safeguarding Policies and Documents

- This policy is one of an integrated suite of policies, reflecting the whole school approach to safeguarding. It should be read and actioned in conjunction with the policies as listed below:
 - Attendance and punctuality
 - The De Bohun Curriculum
 - Positive Behaviour Management– The De Bohun Way (including anti-bullying)
 - Behaviour Principles
 - Cyber and Information security
 - Supporting pupils managing medical needs
 - Health and safety
 - Image use
 - LADO Procedures-Managing/dealing with allegations against staff
 - Online safety.
 - Protection of biometric information of children
 - Filtering systems
 - Child on-Child Abuse
 - First Aid in schools
 - Personal, social and health education (PSHE Curriculum)
 - Relationships and Sex Education (RSE)
 - Trips and visits policy
 - Risk assessments
 - Safer recruitment
 - Special educational needs
 - Code of Conduct
 - De Bohun Low level concerns
 - Staff disciplinary
 - Positive Handling Guidance
 - Whistleblowing
 - Home Tutoring Guidance
 - Child not collected guidance
 - Fire Safety
 - Lockdown
 - Visitor Behaviour
 - Prevent risk assessment
 - Remote Learning
 - Pupil Well Being Strategy

7. Definitions of safeguarding

- In line with KCSIE 2023, safeguarding and promoting the welfare of children is defined for the purposes of this policy as:
 - protecting children from maltreatment;
 - preventing impairment of children's mental and physical health or development;
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
 - taking action to enable all children to have the best outcomes.
- Safeguarding is what we do to prevent children suffering or coming to harm.
- Child protection refers to activities undertaken by the school to protect children suffering from harm or likely to suffer from harm. A child includes anyone under the age of 18.

De Bohun Primary School & Children's Centre

- The safeguarding partners that the school works with to safeguard its pupils as set out in KCSIE are: the local authority; the local clinical commissioning group; and the chief officer of Police for the area that falls under the local authority.
- Abuse is a form of maltreatment of a child that covers inflicting harm or failing to prevent the infliction of harm. Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and psychological needs. *Section 8 and Appendix 1 provides a more detailed explanation of the different types of abuse and signs and symptoms and specific safeguarding issues.*
- KCSIE 2023 notes the use of the following widely recognised and understood terms 'victim' and 'alleged perpetrator(s)' and where appropriate 'perpetrator(s)'.

At De Bohun Primary School we recognise that not everyone who has been subjected to abuse considers themselves a victim or would want to be described in this way. We also think carefully about the use of the term '**alleged perpetrator(s)**' and where appropriate '**perpetrator(s)**', especially when speaking in front of children, not least because in some cases the abusive behaviour will have been harmful to the perpetrator as well. In managing any incident we are prepared to use any term with which the individual child is most comfortable and on a case-by-case basis.

8. Informing staff and others of safeguarding policy

- All staff (including temporary staff and volunteers) will be provided with a copy of this policy. They will be asked to say they have read and understood its contents, are familiar with the school systems and will adhere to them. This document can be found in the Library on CPOMS
- Visitors to the school site will be given a leaflet detailing our safeguarding arrangements, which also covers fire safety, first aid and health & safety. Visitors will be asked to sign to say they have read, understood and will adhere to these arrangements.
- Parents/carers can obtain a copy of the De Bohun Primary School Safeguarding and Child Protection Policy downloaded from the school website together with other related policies, including for online safety, recruitment and child-on-child abuse. School website: <https://www.debohun.enfield.sch.uk>. Additionally, these and other policies are available from the school office on request.
- Pupils will be made aware of the school's systems in age-appropriate ways through displays around the school site, verbally and via the school website. The DSL will ensure pupils have understood and are aware that they can raise concerns at any time, they will be listened to, taken seriously and their wishes respected (where possible), given the necessary support and kept informed of actions being taken.

9. Roles and Responsibilities

The Governing Body

- The Governing Body takes responsibility for strategic leadership that is a 'whole school approach' for the school's safeguarding arrangements and that these will comply with their duties under legislation and have full regard to KCSIE 2023. This includes ensuring the school's policies, procedures and training are effective and comply with the law at all times.
- The Governing body will ensure the school's systems enable pupils to report what is happening to them.
- The Governing body will ensure the appointed Designated Safeguarding Lead is a senior member of staff. The role of the Designated Safeguarding Lead (and deputies) is set out in KCSIE Annex C, summarised in the section below and will be made explicit in the post holder's job description.
- De Bohun Primary School has a nominated governor for safeguarding. The nominated governor(s) will support the Designated Safeguarding Lead and have oversight in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policies are reviewed at least annually and when required.
- All governors will undertake safeguarding training and additional training on specific issues, such as online safety and Prevent. This will be part of ongoing and regular programme of training to build knowledge and understanding of safeguarding across all members of the Governing Body.
- The governing body will take an active role in monitoring safeguarding arrangements and providing support to the Designated Safeguarding Lead in line with Part 2 KCSIE 2023. This will include visits to school, regular contact with the Designated Safeguarding Lead and other staff working to protect children and reviewing information provided to them concerning pupils' welfare and safety, including for online safety. Governors will also seek the views of pupils and parents/carers as part of their monitoring arrangements to check on the effectiveness of safeguarding arrangements.

De Bohun Primary School & Children's Centre

- The governing body and leadership team at De Bohun Primary School recognises the significant level of responsibility of the Designated Safeguarding Lead role. They will ensure the post holder (and any deputies) are given the additional time, funding, training, resources, and support needed to carry out the role effectively. They will also ensure there is adequate cover if the Designated Safeguarding Lead is absent.

Headteacher

- The Headteacher will ensure that the suite of policies and procedures relating to safeguarding and child protection adopted by the school's Governing Body are understood and followed by all staff.

Designated Safeguarding Lead (DSL)

- The school has appointed a member of the leadership team, Jo Auvache as the Designated Safeguarding Lead (DSL). Additionally, the school have appointed Deputy DSLs (Zoe Ansell, Sadie Moorhouse, Amanda Jamil, Zaahirah Ali, Suzie Ashworth and Helen Rogers) who will have delegated responsibilities and act in the DSLs absence.
- The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems in De Bohun Primary School. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated. Job descriptions are aligned to KCSIE 2023 Annex C and in place for the DSL and deputy DSLs.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs will be trained to the same standard as the DSL. The DSL and any deputy DSLs training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- The DSL will be given the additional time, funding, training, resources and support they need to carry out the role effectively. This may include handling of referrals to integrated social care and working with other agencies where appropriate.
- The DSL will provide advice and support to other staff on child welfare, safeguarding and child protection matters, taking part in strategy discussions and inter-agency meetings, and/or supporting other staff to do so, and contributing to the assessment of children.
- The Headteacher, Zoe Ansell, will be kept informed of any significant issues by the DSL.
- During term time the designated safeguarding lead (or a deputy) will always be available (during school/office hours) for staff in the school to discuss any safeguarding concerns. This will be in person, in very exceptional circumstances this maybe by telephone. The school will inform parents of out of hours reporting arrangements and cover arrangements for out of hours/out of term activities.

Manage referrals

The designated safeguarding lead is expected to refer cases:

- of suspected abuse and neglect to the local authority children's social care as required and support staff who make referrals to local authority children's social care
- to the Channel programme where there is a radicalisation concern as required and support staff who make referrals to the Channel programme
- where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required,
- where a crime may have been committed to the Police as required. NPCC - When to call the police should help understand when to consider calling the police and what to expect when working with the police.

Working with others

The designated safeguarding lead is expected to:

- act as a source of support, advice and expertise for all staff
- act as a point of contact with the safeguarding partners
- liaise with the headteacher or principal to inform him or her of issues- especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This should include being aware of the requirement for children to have an Appropriate Adult. Further information can be found in the statutory guidance - PACE Code C 2019.
- as required, liaise with the "case manager" (as per Part four) and the local authority designated officer(s) (LADO) for child protection concerns in cases which concern a staff member

De Bohun Primary School & Children's Centre

- liaise with staff (especially teachers, pastoral support staff, school nurses, IT technicians, senior mental health leads and special educational needs co-ordinators (SENCO's), or the named person with oversight for SEND in a school and senior mental health leads) on matters of safety and safeguarding and welfare (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically
- liaise with the senior mental health lead and, where available, the mental health support team, where safeguarding concerns are linked to mental health
- promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances
- work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at school. This includes:
 - ensuring that the school knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort,
 - supporting teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

- **Information sharing and managing the child protection file**

The designated safeguarding lead is responsible for ensuring that child protection files are kept up to date. Information should be kept confidential and stored securely. Concerns and referrals are kept in a separate child protection file for each child. Records will include:

- a clear and comprehensive summary of the concern
- details of how the concern was followed up and resolved
- a note of any action taken, decisions reached and the outcome.

They should ensure the file is only accessed by those who need to see it and where the file or content within it is shared, this happens in line with information sharing advice.

Where children leave the school (including in year transfers) the designated safeguarding lead will ensure their child protection file is transferred to the new school as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term. This will be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools should ensure key staff such as designated safeguarding leads and special educational needs coordinators (SENCO's) are aware as required.

In addition to the child protection file, the designated safeguarding lead will also consider if it would be appropriate to share any additional information with the new school in advance of a child leaving to help them put in place the right support to safeguard this child and to help the child thrive in the school.

- **Raising awareness**

The designated safeguarding lead should:

- ensure each member of staff has access to, and understands, the school's child protection policy and procedures, especially new and part-time staff
- ensure the school's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this
- ensure the child protection policy is available publicly and parents know that referrals about suspected abuse or neglect may be made and the role of the school in this
- link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements, and
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school leadership staff.

De Bohun Primary School & Children's Centre

- **Training, knowledge and skills**

The designated safeguarding lead (and any deputies) will undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The designated safeguarding lead (and any deputies) will also undertake Prevent awareness training. Training will provide designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly local authority children's social care, so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- understand the importance of the role the designated safeguarding lead has in providing information and support to local authority children social care in order to safeguard and promote the welfare of children
- understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations and practitioners
- understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school
- can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online
- obtain access to resources and attend any relevant or refresher training courses, and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

- **Providing support to staff**

Training should support the designated safeguarding lead in developing expertise, so they can support and advise staff and help them feel confident on welfare, safeguarding and child protection matters. This includes specifically to:

- ensure that staff are supported during the referrals processes, and
- support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

- **Understanding the views of children**

It is important that all children feel heard and understood. Therefore, designated safeguarding leads (and deputies) should be supported in developing knowledge and skills to:

- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the school may put in place to protect them
- understand the importance of information sharing, both within the school, and with other schools on transfer including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations and practitioners
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR), and
- be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record-keeping.

De Bohun Primary School & Children's Centre

Members of Staff

- All members of staff have a responsibility to:
 - Provide a safe environment in which children can learn.
 - Be aware it can happen here and safeguarding is everyone's responsibility.
 - Build trusted relationships with children and young people that facilitates communication in a professional manner.
 - Actively promote welfare and safeguarding, including online safety, of pupils.
 - Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
 - Understand the difficulties that children may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication.
 - Be aware of indicators of abuse and neglect and understand that children can be at risk of harm inside and outside of the school, inside and outside of home and online.
 - To exercise professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect to identify cases of children who may be in need of help or protection.
 - Reassure a child that they are being taken seriously and that they will be supported and kept safe; never give the child the impression that they are creating a problem by reporting **any** form of abuse and/or neglect; and never make a child feel ashamed for making a report. Be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child.
 - Understand the early help process and their role in it.
 - Understand the school's safeguarding policies and systems.
 - Undertake regular and appropriate training which is regularly updated.
 - Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
 - Be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
 - Know how to maintain an appropriate level of confidentiality and the importance of recording and information sharing.
 - Understand the wider definitions of child-on-child abuse and be aware of specific issues such as cyberbullying, sexual violence, sexual harassment and exploitation as set out in KCSIE Part 1 (and Annex A) and Annex B.
 - Be aware of the indicators of abuse and neglect so that they can identify cases of children who may need help or protection.
 - Be aware of the school's child-on-child abuse policy, anti-bullying strategy and the role they play in preventing and responding to child-on-child abuse.

Children and Young People

- Children and young people (learners) have a right to:
 - Feel safe, be listened to, know their concerns will be taken seriously, and have their wishes and feelings taken into account.
 - Contribute to the development of school safeguarding policies.
 - Receive help from a trusted adult.
 - Learn how to keep themselves safe, including online.

Parents and Carers

- Parents/carers have a responsibility to:
 - Understand and adhere to the relevant De Bohun policies and procedures.
 - Talk to their children about safeguarding issues and support the De Bohun in their safeguarding approaches.
 - Identify behaviours which could indicate that their child is at risk of harm including online and seek help and support from De Bohun or other agencies.
 - Speak to staff if they have any concerns about the welfare, well-being and safety of their children.

De Bohun Primary School & Children's Centre

10. Recognising Indicators of abuse and neglect

- All staff at De Bohun Primary School are made aware of the definitions and indicators of abuse and neglect (see below), as identified by Working Together to Safeguard Children (2018; updated 1 July 2023) and Keeping Children Safe in Education (KCSIE) 2023.
- **All** staff understand that children can be at risk of harm inside and outside of the school/college, inside and outside of home and online.
- Harm can also include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse.
- De Bohun Primary School recognises that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect

The school recognises that abuse, neglect and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another.

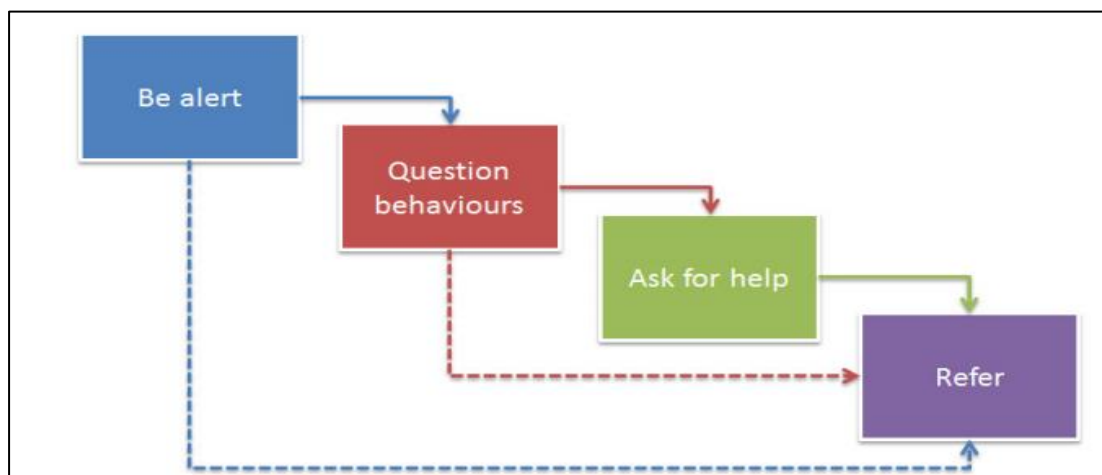

For further information, see Appendix 1 of this policy and Appendix 5 for links to advice and support.

- All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and/or alcohol misuse, deliberately missing education, serious violence (including that linked to county lines), radicalisation and consensual and non-consensual sharing of nude and semi-nude images and/or videos can be signs that children are at risk. A wider range of specific issues includes (but not limited to):

○ Child abduction and community safety incidents	○ Homelessness
○ Children with family members in prison	○ Honour based abuse (so called)
○ Children Missing Education (CME)	○ Mental health
○ Child missing from home or care	○ Modern slavery & the National Referral Mechanism
○ Child Sexual Exploitation (CSE)	▪ Online safety (including awareness of the school's systems for filtering and monitoring)
○ Child Criminal Exploitation (CCE)	○ Child-on-child abuse (including cyberbullying, racial, prejudicial and discriminatory bullying)
○ County Lines	○ Preventing radicalisation and extremism
○ Cybercrime	○ Relationship abuse
○ Domestic abuse	○ Serious Violence
○ Faith based abuse	○ Sexual Violence and Sexual Harassment
○ Female Genital Mutilation (FGM)	○ Up skirting
○ Forced marriage	○ Youth produced sexual imagery, nudes/semi-nudes ("Sexting")
○ Gangs and youth violence	
○ Gender based abuse and violence against women and girls	
- Additional information on these safeguarding issues and information on other safeguarding issues is included in KCSIE Annex B and Appendix 2 of this policy.
- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- **All** staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines, and radicalisation.

De Bohun Primary School & Children's Centre

- **All staff should be aware that technology is a significant component in many safeguarding and wellbeing issues.** Children are at risk of abuse and other risks online as well as face to face. In many cases abuse and other risks will take place concurrently both online and offline. Children can also abuse other children online, this can take the form of abusive, harassing, and misogynistic/misandrist messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case-by-case basis.
- All members of staff are expected to be aware of and follow this approach if they are concerned about a child (taken from 'What to do if you are worried a child is being abused' DfE 2015)

- Parental behaviours' may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Safeguarding incidents and/or behaviours can be associated with factors outside school and/or can occur between children offsite. Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.
- **In all cases, if staff are unsure, they should always speak to the designated safeguarding lead or deputy.**

11. Child protection procedures – taking action

- De Bohun adheres to the Enfield Safeguarding Children multi-agency partnership procedures (Enfield LA). The full Enfield LA procedures and additional guidance relating to specific safeguarding issues can be found on their website: <https://www.enfield.gov.uk/safeguardingenfield>
- Staff (volunteers, governors, contractors, agency and supply staff and visitors) must follow the school procedures set out in this and the following sections should they identify or have a worry about a child protection issue. The actions staff and other adults should take if there are any safeguarding concerns about a pupil are listed below. This will be covered in staff training, including new staff induction. Visitors will be provided with an information sheet on arrival, summarising the school systems and how they should pass on any child protection concerns. If anyone is unsure about reporting concerns, they must speak to the DSL and they can also refer to the DfE publication 'What to do if you're worried a child is being abused' (March 2015).
- All staff are made aware of the process for making requests for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- De Bohun Primary School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.

De Bohun Primary School & Children's Centre

Action if a child is in immediate danger or suffering harm or likely to suffer harm

- As soon as a member of staff or adult working in the school becomes aware that a child is suffering or likely to suffer harm, or in immediate danger they must let the DSL know immediately.
- The member of staff must make a record of what the child (ideally contemporaneously) is telling them/has told them and also record this on CPOMS as soon as possible after the alert to the DSL. The handwritten record should be scanned and added to the electronic record (see details under making a record of a concern).
- The DSL, along with the relevant Deputy DSLs will review the case and decide on the next steps. If a child is in immediate danger or is at risk of harm, a request for support should be made immediately to Enfield MASH (Enfield's Safeguarding Team) and/or the police in line with Enfield LA procedures.
- If the DSL or deputy DSL is not available, for example out of school hours, then any staff member or other adults can make a referral. The contact numbers for the MASH team are listed on Page 2 of this policy. During this call you should seek the advice about notifying parents, remembering that in some situations this could be unsafe or cause the child more harm. During your phone call if you are a professional working with children you may be asked to complete a **MASH referral form** within 24 hours. This should be emailed securely to **childrensmash@enfield.gov.uk**
- Any member of staff/adult making a **direct** referral to the MASH team must inform the DSL as soon as possible, verbally and provide a written record of the concerns and actions taken.

Action if a concern about a child is not in immediate danger or risk

- Staff must be vigilant at all times. In doing this staff may well notice safeguarding concerns that do not place a child at immediate risk of harm. Staff must be mindful that no concern is too small not to share and that they are vital in helping the DSL to build a picture of the child's well-being, welfare, mental health and safety and take the necessary action. Examples of concerns could be a child looking unkempt, saying or making a comment that arouses your suspicions or a change in character/behaviour.
- Staff must follow school procedures and record the concern on CPOMS. The DSL will ensure that there is continuous monitoring of CPOMS throughout the day so no concerns are missed and any necessary actions are taken. The member of staff should not hesitate in also discussing their concern with the DSL or deputy DSL. The DSL will review this information, with any other safeguarding concerns they have on record, and take any necessary actions.

Guidance on receiving a disclosure from a child

Staff should follow this approach:

- Listen to what the child has to say. Allow them time to talk freely and do not ask leading questions. Reassure the child that they are doing the right thing in telling you. Let them know they are being taken seriously and that nothing they say is or will cause a problem. Do not tell them they should have told you sooner.
- Stay calm and do not show that you are shocked or upset. Do not in any circumstance promise to keep what they have told you a secret. Explain you will have to pass this information on and what will happen next.
- If possible, make a handwritten record as the child speaks. If this is not possible, make a handwritten record as soon as possible afterwards. Follow the school procedure to also make a report on CPOMS.
- Speak to a DSL or deputy DSL immediately if the child is in **immediate risk** or **has been harmed** as noted above.
- Under no circumstances should the staff member undertake any investigation into the concern.
- Any allegations about staff must be reported directly to the headteacher, or in their absence, a deputy headteacher, unless the allegation is against the headteacher in which case the chair of governors should be informed. See later section.

Action if a concern about a child has been identified

- The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps. They may also seek advice or guidance from a social worker at the Enfield's MASH Team who are the first point of contact for Integrated Children's Services (ICS).

De Bohun Primary School & Children's Centre

Making a record of a concern or disclosure

- Any child protection concerns should be entered into CPOMS. If the concern is a direct disclosure from a child then this should be recorded in writing so there is a contemporaneous record of the disclosure, which can be used as evidence should a case go to court. Ideally, this should be on school forms which can be found in the staff room and photocopying areas start, end time, location and date should be added to the report. A summary of the report should be made on CPOMS and the DSL or deputy informed immediately.

Early Help Assessments

- De Bohun Primary School will work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. Staff are trained to be alert to the potential for early help, identify children that may benefit from early help and raise their concerns with the DSL.
- If the DSL views that an early help assessment is appropriate they or the deputy DSL will lead on liaising with other agencies and in setting up inter-agency assessment, as require. Staff may be required to contribute and/or provide support in the early help assessment. They will ensure the appropriate early help support is put in place to support the child.
- The DSL will keep all early help cases under constant review and consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves. If, after the request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will take further actions. This may include a request for advice and support to Enfield's Safeguarding Team.

12. Notifying parents and carers of child protection concerns

- Parents/carers will be informed of child protection concerns unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation. Such discussions will be undertaken by the DSL or deputy DSL, although this may be delegated to another member of staff who is part of the safeguarding team, and maybe already working in with the family.
- The DSL will liaise with Enfield safeguarding team, before making a decision not to inform parents/carers of a child protection concern.
- In the event of a request for support to the Enfield's MASH team being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by Enfield LA.
- Parents/carers will normally be notified in the case of allegations of abuse made against other pupils, unless it is unsafe to do so. The same applies to the person(s) the allegation is made against if they are a child.

13. Confidentiality information sharing and record keeping

Confidentiality

- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- All staff must be aware that they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.
- The Headteacher or DSL (and DDSL) will share information about a child on a 'need to know' basis to help maintain confidentiality.
- Confidentiality is also addressed in this policy with respect to record-keeping below and allegations of abuse against staff in the section below and in the school's policy which can be found on the policy drive

Information Sharing

- De Bohun Primary School recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2023.
- The safety of the child is always paramount, any concerns about sharing information must not be allowed to stand in the way of ensuring the welfare and safety of pupils.

De Bohun Primary School & Children's Centre

- Staff should never promise a student that they will not pass on child protection concerns to the relevant staff and agencies. However, the child should be reassured that:
 - their disclosure will be taken seriously, and it is **not** creating a problem
 - their disclosure will only be shared with relevant staff
 - staff will be sensitive to their feelings and concerns
 - their wishes will be heard
 - they will be kept informed of actions and support.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children. The school may legitimately share information without consent where: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; and, if to gain consent would place a child at risk.
- De Bohun Primary School has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school is compliant with all matters relating to confidentiality and information sharing requirements. The DPO is Amanda Macmurdie.
- DfE Guidance on Information Sharing (July 2018) provides further detail. The 7 'golden rules' for sharing information, and can support staff who have to make decisions about sharing information can be found on display in the staff room, the school office and in the Curriculum drive on the staff network.
- If staff are in any doubt about sharing information, they should speak to the DSL (or deputies). •

Record keeping

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing contemporaneously (this may be used as evidence if the disclosure becomes a Police matter) on CPOMS and passed without delay to the DSL. This should include speaking to the DSL. A body map will be completed if injuries have been observed. Anyone recording an incident MUST alert all DSLs in the relevant part of the form to ensure that it seen immediately by at least one member of the safeguarding team.
- Records must be completed at the time using the child's words and shared as soon as possible after the incident/event. The record (if completed on paper) must be signed and dated by the member of staff. If there is an immediate concern the member of staff should consult with a DSL before completing the form as reporting urgent concerns takes priority.
- If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL (and DDSLs). Safeguarding records are shared with staff on a 'need to know' basis only.
- Records will also be kept of any telephone calls, meetings or other communications for each child to build a full and detailed chronology. This may include other school records, such as first aid, medical treatment if the child is unwell, attendance and punctuality and behaviour. Any calls, meetings, emails or any other communications regarding the concern must be recorded in CPOMS to ensure that a clear and chronological picture is built.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school in advance of a child leaving. For example, information that would allow the new school to continue to provide support. Conversations must be recorded and kept.

14. Multi-Agency Working

- De Bohun Primary School recognises and is committed to its responsibility to work within the Enfield LA multi-agency safeguarding arrangements. The leadership team and DSL and DDSLs will work to establish strong and co-operative local relationships with professionals in the safeguarding partners and other agencies and sources of support in line with statutory guidance.

De Bohun Primary School & Children's Centre

- The school recognises the importance of multi-agency and partnership working and is committed to working alongside all agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to Enfield LA processes as required. Such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

15. Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of part one of 'Keeping Children Safe in Education' (2023) (or for at the discretion of the Governing Body Annex A instead) which covers safeguarding information for all staff.
 - School leaders, including the DSL will read the entire KCSIE document.
School leaders and all members of staff who work directly with children will also be expected to read Annex B within Keeping Children Safe in Education 2023.
 - All members of staff have signed to confirm that they have read and understood KCSIE Part One (or Annex A) and Annex B. Staff members are also required to complete a quiz to ensure their understanding of KCSIE at the start of each academic year. Staff files, CPOMS, SCR.
- All staff are expected to be aware of systems within their school which support safeguarding. This will be explained to them as part of staff induction and updated on a regular to ensure they are fully aware of current practice. This includes:
 - safeguarding and child protection policy, which should amongst other things also include the policy and procedures to deal with child-on-child abuse
 - behaviour policy (which should include measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying)
 - safeguarding response to children who are absent from education, particularly on repeat occasions and/or prolonged periods.
 - staff behaviour policy (often known as code of conduct) – this should include low-level concerns, allegations against staff and whistle blowing
 - role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).
 - Half termly safeguarding bulletins.
- The school aims to keep the profile and importance of safeguarding high with staff, pupils, parents, governors, visitors and other adults who are associated or work with the school.
- All staff members (including agency and third-party staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues. Basic child protection will take place annually including online safety training. In addition, a range of other specific safeguarding issues have been prioritised by leaders as most pertinent to the school. This includes training in Prevent, mental health, child-on-child abuse and domestic violence.
- All staff will receive regular safeguarding and child protection updates: Updates given at Enhancing Outcomes meetings (may include a scenario), termly safeguarding bulletins, updates to the safeguarding board in the staff room, to provide them with relevant skills and knowledge to safeguard children effectively.
- The DSL will ensure that all new staff and volunteers (including agency and third-party staff) receive child protection training including in online safety, behaviour management and the staff code of conduct to ensure they are aware of the school internal safeguarding processes as part of their induction.
- All staff members (including volunteers, agency and third-party staff) will be made aware of the school expectations regarding safe and professional practice via the staff code of conduct and online safety policy
- Staff will be encouraged to contribute to and shape De Bohun School safeguarding arrangements and child protection policies: via input at staff meetings.
- The DSL and Headteacher will provide regular reports to the governing body, detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.
- Although the school has a nominated lead(s) for the governing body (Sarah Roberts), all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

De Bohun Primary School & Children's Centre

16. Safer Working Practice

- All members of staff are required to work within our clear guidelines on safer working practice as outlined in the Staff Code of Conduct 2023
- Staff will be made aware of the school behaviour management and physical intervention policies, and any physical interventions/use of reasonable force must be in line with agreed policy and procedures and national guidance. Further information on this can be found in the school SEN policy and positive handling guidance (PRICE).
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant De Bohun policies including staff code of conduct, and online safety policy

17. Staff Supervision and Support

- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- De Bohun Primary School will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children.
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

18. Online safety

- It is recognised by De Bohun Primary School that the use of technology presents challenges and risks to children and adults both inside and outside of school. As a school we will empower, protect and educate the community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate. The school sees technology and its use permeating all aspects of school. Our integrated approach to online safety is set out in detail in:
 - The online safety policy (See Appendix 3)
 - Remote learning policy
 - Threaded through other policies and documents, including curriculum, behaviour, child-on-child abuse and RSE/PSHE.
 - Role and responsibilities of the DSL job description.
- The school identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk as set out in KCSIE:
 - **content:** being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;
 - **contact:** being subjected to harmful online interaction with other users; for example, commercial advertising as well as adults posing as children or young adults; and
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.
 - **commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please report it to the Anti-Phishing Working Group.
- The DSL, Deputy DSLs and Head teacher has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff.
- De Bohun Primary School uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, intranet and email systems. All School owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and

De Bohun Primary School & Children's Centre

security measures in place. All devices owned by staff, pupils and visitors will be used in accordance with our acceptable use policies and the appropriate safety and security measures.

- De Bohun Primary School recognises the specific risks that can be posed by mobile technology, including mobile phones and cameras. In accordance with KCSIE 2023 and EYFS 2021 has appropriate policies in place that are shared and understood by all members of the community. Further information regarding the specific approaches relating to this can be found in our online safety policy and in the code of conduct which can be found in the staff room/ office/ CPoms/ website.
- De Bohun School will do all we reasonably can to limit children's exposure to online risks through our school IT systems and will ensure that appropriate filtering and monitoring systems are in place and that these meet the [DfE standards for filtering and monitoring](#) (March 2023). These are:
 1. identify and assign roles and responsibilities to manage filtering and monitoring systems.
 2. review filtering and monitoring provision at least annually.
 3. block harmful and inappropriate content without unreasonably impacting teaching and learning.
 4. have effective monitoring strategies in place that meet their safeguarding needs
- To ensure we meet the standards for filtering and monitoring, we will:
 - consider the number of and age range of their children, those who are potentially at greater risk of harm and how often they access the IT system along with the proportionality of costs versus safeguarding risks
 - be informed in part, by the risk assessment required by the Prevent Duty
 - ensure the leadership team and relevant staff have an awareness and understanding of the provisions in place and manage them effectively and know how to escalate concerns when identified
 - inform all users that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights and privacy legislation.
 - require pupils, staff and visitors if they discover unsuitable sites or material,
 - to follow the school procedures:
 - report the concern immediately to DSL (DDSL)
 - report the URL of the site to technical staff/services
 - record and report to the DSL and appropriate technical staff, any filtering breaches or concerns identified through our monitoring approaches.
 - immediately report any access to material believed to be illegal to the appropriate agencies, such as the [Internet Watch Foundation](#) and the Police.
 - ensure that in implementing appropriate filtering and monitoring - "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding
 - regularly check on the effectiveness of the filtering and monitoring systems
 - review the standards and discuss with IT staff and service providers what more needs to be done to support schools in meeting this standard.
- Schools should list details of how this is established and achieved on site e.g. which filtering/monitoring system or approach is in place and why these decisions have been made. The [UK Safer Internet Centre](#) has published guidance as to what "appropriate" filtering and monitoring might look like.
- De Bohun Primary School acknowledges that whilst filtering and monitoring is an important part of our online safety responsibilities, it is only one part of our approach to online safety.
 - Learners will use appropriate search tools, apps and online resources as identified following an informed risk assessment.
 - Learners internet use will be supervised by staff according to their age and ability.
 - Learners will be directed to use age-appropriate online resources and tools by staff.
- De Bohun Primary School will ensure a comprehensive whole school curriculum response is in place to enable all learners to learn about and manage online risks effectively as part of providing a broad and balanced curriculum.
- De Bohun Primary School will build a partnership approach to online safety and will support parents/carers to become aware and alert by:
 - providing information on our school website

De Bohun Primary School & Children's Centre

- Providing information on the school app (SZapp)
 - Highlighting online safety at existing parent event.
- De Bohun Primary School will ensure that online safety training for all staff is integrated, aligned and considered as part of our overarching safeguarding approach. This will include amongst other things, includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- The DSL will respond to online safety concerns in line with the child protection and other associated policies such as child-on-child abuse and behaviour.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedure.
- De Bohun will carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks their children face.

19. Remote Learning

- De Bohun Primary School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with learners and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts and phone numbers and agreed systems- Google Classroom. Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our school code of conduct and Acceptable Use/online safety policies. When delivering remote learning, staff will follow our policy and guidance for remote learning.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Parents /carers will be informed who from the school or other agency (such as online tutors) their child is going to be interacting with online and who they contact in case they need help and/or support.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parental controls are implemented at home.

20. Safeguarding Children with Special Educational Needs and Disabilities or Health Issues

- De Bohun Primary School acknowledges that children with special educational needs or disabilities (SEND) or certain medical or physical health conditions can face additional safeguarding challenges both online and offline. These children may have an impaired capacity to resist or avoid abuse both offline and online and face additional barriers in recognising abuse and neglect. These can include:
 - assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
 - these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
 - the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs, and
 - communication barriers and difficulties in managing or reporting these challenges.
 - cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns, such as bullying and exploitation.
- Children with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

De Bohun Primary School & Children's Centre

To address these additional challenges, our school will always consider extra pastoral support for children with SEN and disabilities. Details of support and provision can be found in the school's SEND policy and annual report.

- The DSL (or deputy) will work closely with the SENCo (Suzie Ashworth) to share information and plan support and monitor as required.

21. Mental health and children requiring mental health support

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are made aware of how children's experiences, can impact on their mental health, behaviour, attendance and progress in school. Staff will be given regular training in mental health issues and how to recognise when child's mental health may be at risk.
- The school has appointed a lead for mental health (Jo Auvache), who has been trained to have the knowledge and skills to promote and lead on wellbeing and mental health across the school.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Staff are expected to be vigilant at all times and if they have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.
- The school is proactive in promoting the mental health and well-being of pupils. This includes links to the school's approach for preventing and tackling bullying.
- The school has in place a range of ways to support children's mental health both within and beyond the school. This includes routes to escalate and clear referral and accountability systems. Children in need of a social worker (Child in Need and Child Protection Plans) See Appendix 6
- The school recognises that pupils may need a social worker due to safeguarding or welfare needs and that children may need help due to abuse. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.
- The DSL and all members of staff will work with and support social workers to help protect these and all vulnerable pupils. The DSL will always consider the support of the social worker to ensure any decisions are made in the best interests of the child's safety, well-being, welfare and educational outcomes.

22. Children in need of a social worker (Child in Need and Child Protection Plans)

- The school recognises that pupils may need a social worker due to safeguarding or welfare needs and that children may need help due to abuse. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.
- The DSL and all members of staff will work with and support social workers to help protect these and all vulnerable pupils. The DSL will always consider the support of the social worker to ensure any decisions are made in the best interests of the child's safety, well-being, welfare and educational outcomes.

23. Looked after children, previously looked after children and care leavers

- De Bohun Primary School will ensure that our staff have the skills, knowledge and understanding to keep looked-after and previously looked-after children safe.
- The DSL has details of a child's social worker and relevant virtual school heads. Appropriate staff are provided with relevant information about each looked after child's legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements.
- The school has appointed a designated teacher, Jo Auvache who is responsible for promoting the educational achievement of looked-after and previously looked-after children in line with statutory guidance. The designated teacher will have the relevant qualifications and experience and receive appropriate training to perform the role. The designated teacher will:
 - Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to.
 - Work with virtual school to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium funding can be best used to ensure each child's well-being and progress. This includes (from June 2021) a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker.

De Bohun Primary School & Children's Centre

- The DSL will work with the local authority to ensure suitable arrangements are in place for care leavers, including with the appoint Personal Adviser, and will liaise with them should any issues occur.

24. Children who are absent from education

- All staff should be aware that children being absent from school or college, particularly repeatedly and/or for prolonged periods, and children missing education can act as a vital warning sign of a range of safeguarding possibilities. This might include abuse or neglect, such as sexual abuse or exploitation or student criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage. See also information in Appendix 2 of this policy or KCSIE Annex B
- The school has in place robust systems for recording and monitoring daily attendance and punctuality of pupils. This includes 'first day' calls, follow up calls, letters home and home visits.
- The school recognises the importance of keeping in touch with parents and carers to promote and ensure the welfare, well-being and safety of pupils. The school will hold more than one emergency number for each child to ensure that a parent/carers can be contacted urgently or for the DSL to check on the well-being of a pupil.
- The school is aware of its duty to report any missing children to the local authority. Full details of these systems for monitoring and supporting children with poor attendance and how the school follows statutory advice in removing pupils from the school roll can be found in the school's attendance policy.

25. Child-on-Child Abuse (see Appendix 4)

Staff at De Bohun Primary School recognise that children can abuse their peers. This can happen both in and out of school and online. We believe that no form of abuse can be tolerated. All victims will be taken seriously, offered reassurance and appropriate support, regardless of when and/or where the abuse has taken place and assured that they are not creating a problem. Staff must be mindful that their response could impact on another child coming forward in future.

- All staff should understand the following aspects of child-on-child abuse and be clear about the school's approach:
 - that even if there are no reports in their schools it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding child-on-child abuse they should speak to their designated safeguarding lead (or deputy).
 - the importance of challenging inappropriate behaviour between peers, many of which are listed below, that are actually abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.
 - that some child-on-child abuse issues may be affected by gender, age, ability and culture of those involved.
 - that children may not find it easy to tell staff and a reminder that children can show signs in ways they hope adults will notice and react.
- In line with KCSIE 2023 the school recognises that child-on-child abuse is likely to include, but may not be limited to:
 - bullying (including cyberbullying, prejudice-based and discriminatory bullying)
 - sexual violence
 - sexual harassment
 - up skirting
 - consensual and non-consensual sharing of nudes and semi nudes images and or videos (also known as sexting or youth produced sexual imagery);

Paragraph 35 fully details the types and forms of child-on-child abuse can take that staff should be aware of can be found the school's child-on-child abuse policy.

- When responding to concerns relating to child on child sexual violence or harassment, school will follow the procedures set out in the school's child-on-child abuse policy. This follows the guidance outlined in KCSIE 2023 Part 5.
- The school recognises consensual and non-consensual sharing of nudes and semi nudes images and or videos (also known as sexting or youth produced sexual imagery) as a safeguarding issue; all concerns must be reported to and dealt with by the DSL (or deputy). The school will follow its protocol which follows the following advice [DfE Searching Screening and Confiscation Advice](#) (updated July 2023) and [UKCIS Education Group Sharing nudes and semi-nudes advice for education settings.](#)

De Bohun Primary School & Children's Centre

26. Children who are lesbian, gay, bi, or trans (LGBTQIA+)

- A child or a young person within De Bohun Primary School may be LGBT. The school acknowledges that this in itself is not an inherent risk factor for harm. However, the school recognises that children who are LGBTQIA+ can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBTQIA+.
- Risks can be compounded where children who are LGBTQIA+ lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff.
- LGBT inclusion is part of the school's Relationships Education, Relationship and Sex Education and Health Education curriculum.

27. Gangs, County Lines, Serious violence, Crime and Exploitation

- De Bohun Primary School recognises the impact of gangs, county lines, serious violence, crime and sexual exploitation. It is recognised that the initial response to child victims is important and that staff will take any allegation seriously and work in ways that support children and keep them safe.
- All staff have been trained and recognise the need to be vigilant for the signs that may include, but not exclusively (see further information in Appendix 2):
 - unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs.
 - children who go missing for periods of time or regularly come home late
 - children who regularly miss school or education or do not take part in education
 - change in friendships/relationships with others/groups
 - children who associate with other young people involved in exploitation
 - children who suffer from changes in emotional well-being
 - significant decline in performance
 - signs of self-harm/significant change in wellbeing
 - signs of assault/unexplained injuries.

28. Female genital mutilation (FGM)

- All staff are made aware of the issues around FGM, so-called 'honour'-based abuse and forced marriage, as well as the signs and symptoms, the actions they must take and the **MANDATORY** duty to reporting any concerns to the Police under Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015)
- Whilst all staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers (and all other staff and adults associated with the school).. If a teacher or member of staff, in the course of their work, discovers that an act of FGM appears to have been carried out (or maybe carried out) on a girl under the age of 18, the teacher/member of staff **must** report this to the police. Those failing to report such cases may face disciplinary sanctions.

29. Preventing radicalisation

- Children are vulnerable to extremist ideology and radicalisation schools have a duty to prevent pupils from being drawn into terrorism. Appendix 2 sets more details for staff on preventing radicalisation.
- The DSL will undertake Prevent awareness training and make sure that staff are appropriately trained to equip them to identify and protect any pupils at risk of radicalisation.
- The DSL (and any deputies) are aware of local procedures for making a Prevent and Channel referral which is seen as part of the school's wider safeguarding obligations. Prevent referrals are assessed and may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are at risk of being drawn into terrorism and consider the appropriate support required. An individual will be required to provide their consent before any support delivered through the programme is provided.
- The DSL will ensure a detailed Prevent risk assessment is undertaken and reviewed at least annually. This includes the risks posed by pupils' access to the internet and social media and the school's mitigating actions, such a monitoring and filtering internet use.

30. Use of reasonable force

De Bohun Primary School & Children's Centre

- The school has in place a policy for the use of reasonable force which enables and supports staff to make appropriate physical contact and use reasonable force to safeguard children. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. 'Reasonable' in these circumstances means 'using no more force than is needed'.
- In exceptional circumstance some children may need to be 'held' for their own safety and for the safety of others. Only staff trained in PRICE will hold children in this manner to ensure that all parties are kept safe and free from harm.
- The school's policy follows DfE guidance [Use of reasonable force in schools](#), and includes:
 - response to risks presented by incidents involving children with additional vulnerability - SEND, mental health or with medical conditions,
 - duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty
 - positive and proactive behaviour support to reduce the occurrence of challenging behaviour and the need to use reasonable force.

31. Curriculum – Opportunities to Teach Safeguarding

- We recognise that De Bohun Primary School plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned. This is a crucial part of preventative education.
- Has put in place a whole school approach to helping pupils understand how to keep themselves safe. This aims to prepare pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobia and sexual violence/harassment.
- The school's approach to teaching pupils about safeguarding, including online safety, is part of providing a broad and balanced curriculum. The detail of this is set out in detail in the policy/policies for Curriculum/RSE/PSHE/online safety. The school makes use of published guidance to develop and deliver this provision, including for RSE, PSHE, and teaching online safety.
- Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that learners have a range of age appropriate contacts and strategies to ensure their own protection and that of others.
- The school recognises that one size does not fit all and takes a personalised and contextualised approach for more vulnerable children, victims of abuse and some SEND children, so they know how to assess risk and adopt safe practices.
- The school has implemented the mandatory DfE Relationships Education/Relationships, Sex and Health Education curriculum. The school is embedding this into all aspects of the curriculum to ensure equality, age-appropriate and full experiences for all pupils. Further details are given in our SMSC, RSE and PSHE curriculum.
- Our school systems support children to talk to about their concerns and worries with confidence in the knowledge they will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

32. Alternative provision

- De Bohun Primary School sometimes places pupils in alternative provision either on a full or part time basis. The school recognises the additional vulnerabilities of these pupils and that the responsibility for their safeguarding remains with the school. The school has put in place checks to ensure the provider meets the needs of each pupil and there is regular communication on their welfare, well-being and safety.
- This also applies to children who cannot attend school for health reasons, and will be considered on a case by case basis

De Bohun Primary School & Children's Centre

33. Elective home education

- If a parent/carer wishes to educate their child at home the school will provide advice and support to aid them in their decision making to help parents make the right decision in the best interests of their child. This will include discussion with parents (and other professionals), awareness of additional needs of child with SEND and/or social worker, transition support, and informing the LA (*requirement to notify LA on removal from roll*). This is particularly important where a child has special educational needs or a disability, and/or has a social worker, and/or is otherwise vulnerable. Where a child has an Education, Health and Care plan local authorities will need to review the plan, working closely with parents and carers.

34. Private fostering and host families

- Private fostering is defined as when someone who is not a parent or a 'close relative' (great aunt, cousin, mum's friend or a neighbour) is looking after a child or young person under the age of 16 (under 18 if they are disabled) for 28 days or more in their own home. A relative is defined in the Children Act 1989 as a grandparent, uncle or aunt (whether by full-blood, half-blood or by marriage or civil partnership), sibling or step-parent. The school is aware of its duty to report to LA of any such arrangements the school learns about.

35. Safer Recruitment

- De Bohun Primary School is committed to ensure that we develop a safe culture and that all steps are taken to recruit staff and volunteers, this includes agency staff, contractors and third party staff) who are safe to work with our learners and staff.
- De Bohun Primary School will follow the guidance in Keeping Children Safe in Education 2023 (Part Three 'Safer Recruitment') and from The Disclosure and Barring Service (DBS).
- The governing body and leadership team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.
- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- The governing body ensure that at least one of the persons who conducts an interview has completed safer recruitment training.
- De Bohun Primary School is committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We expect all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands and warnings. Any staff member failing to make accurate declarations or misrepresenting themselves in any way will be subject to the school's disciplinary policy.
- We will ensure that all staff and volunteers have read the staff behaviour policy/code of conduct and understand that their behaviour and practice must be in line with it.
- The full policy is provided in a separate policy.

36. Concerns and allegations against members of staff and adults in the school

- De Bohun Primary School recognises that it is possible for any member of staff or adult working on behalf of the school, including volunteers, governors, contractors, agency and third party staff (including supply teachers), visitors and contractors, to behave in a way that:
 - indicates they have harmed a child, or may have harmed a child;
 - means they have committed a criminal offence against or related to a child;
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- The full policy is provided in a separate policy.

De Bohun Primary School & Children's Centre

- At De Bohun we have processes in place for continuous vigilance, so we can maintain environment that deters and prevents abuse and challenges inappropriate behaviour. To do this we aim to create the right culture and environment so that staff feel comfortable to discuss matters both within and, where it is appropriate, outside the workplace (including online) which may have implications for the safeguarding of children. All staff and volunteers should feel able to raise concerns about poor or unsafe practice (including online) and potential failures in the school safeguarding regime. The leadership team takes all concerns or allegations received seriously. If a member of staff, volunteer or other adult is concerned at the lack of response or feels their concerns will not be taken seriously then they should consider Whistle blowing - see section below.
- Allegations should be referred immediately to the Headteacher who will contact the Local Authority Designated Officer (LADO) to agree further action to be taken in respect of the child and staff member.
- In the event of allegations of abuse being made against the Headteacher, staff are advised that allegations should be reported to the chair of governors who will contact the LADO.
- The school's procedures are consistent with local safeguarding procedures and practice guidance. In line with KCSIE 2023, we have policy and procedures in place that covers:
 - Allegations that may meet the harms threshold
 - Concerns that do not meet the harm threshold
 - behaved in a way that has harmed a child, or may have harmed a child and/or
 - possibly committed a criminal offence against or related to a child, and/or
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children

Duty to refer to the Disclosure and Barring Service

- De Bohun Primary School has a legal requirement to refer to the Disclosure and Barring Service (DBS) where they remove an individual from regulated activity (or would have removed an individual had they not left), and they believe the individual has:
 - engaged in relevant conduct in relation to children and/or adults,
 - satisfied the harm test in relation to children and/or vulnerable adults; or
 - been cautioned or convicted of a relevant (automatic barring either with or without the right to make representations) offence.
- Referrals will be made as soon as possible, when an individual has been removed from regulated activity. This could include when an individual is suspended, redeployed into work in an activity that is not regulated, dismissed or resigned. The school will provide the DBS with full information.
- When an allegation is made, an investigation will be carried out to gather evidence to establish if it has foundation, and the school will ensure they have sufficient information to meet the referral duty criteria in the DBS referral guidance.
- The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or Schools Personnel Service.

Duty to consider referral to the Teaching Regulation Agency

- If the school or teacher's employer, including an agency, dismisses or ceases to use the services of a teacher because of serious misconduct, or might have dismissed them or ceased to use their services had they not left first, consideration will **be** given to referring the case to the Secretary of State, as required by sections 141D and 141E of the Education Act 2002.
- The Secretary of State may investigate the case, and if s/he finds there is a case to answer, must then decide whether to make a prohibition order in respect of the person.

De Bohun Primary School & Children's Centre

37. Whistle blowing

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice or other wrong-doing and be secure that such concerns will always be taken seriously by the leadership team. Wrong-doing covered by this 'public interest disclosure' includes:
 - someone's health and safety is in danger;
 - damage to the environment
 - a criminal offence (eg fraud)
 - not obeying the law;
 - covering up wrong-doing
 - misusing public funds
 - actions that negatively affect the welfare of children

All members of staff are made aware of the school Whistleblowing procedure. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk. "If an allegation is shown to be deliberately invented or malicious, the school should consider whether any disciplinary action is appropriate against the individual who made it as per their own behaviour policy" (KCSIE 2023)

- The DfE provides advice to staff who feel they need to raise concerns: Whistleblowing procedure for maintained schools [Whistleblowing procedure for maintained schools - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/whistleblowing-procedure-for-maintained-schools) and Whistleblowing [Whistleblowing for employees - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/whistleblowing-for-employees).
- Staff should raise concerns with
 - Line Manager
 - Specified person (or governor) in school such as the headteacher or DSL
 - Local Authority
 - Union or Professional Association
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.

38. The use of premises by other organisations

- Where services or activities are provided under the direct supervision/management of staff the school arrangements for child protection will apply.
- Where services or activities are provided separately by another body using the school premises, the Headteacher and governing body will:
 - seek written assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection, and that relevant safeguarding checks have been made in respect of staff and volunteers.
 - put in place arrangements for the organisation to liaise with the school on safeguarding matters
 - include safeguarding requirements in any transfer of control agreement (i.e. lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement. If this assurance is not achieved, an application to use premises will be refused.

These arrangements apply regardless of whether or not the children who attend any of these services or activities are children on the school roll.

The school will follow its safeguarding policies and procedures, including informing the LADO, relating to any incident(s) that happen when an individual or organisation is using their school premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities).

De Bohun Primary School & Children's Centre

39. Site security and arrangements for visitors

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within paragraphs 281-286 of KCSIE 2021. Visitors will be expected to sign in and out via the office visitors log and to display a visitor's badge whilst on site. Visitors will be provided with a leaflet outlining the school's safeguarding and child protection arrangements. All visitors are expected to follow these school arrangements..
- The headteacher will use their professional judgement to decide on access arrangements and if a visitor should be supervised and/or escorted. Visitors with confirmed DBS will be issued with a green lanyard and will be able to walk around the building without escort. Visitors with no confirmed DBS will be issued with a red lanyard and will be escorted by a member of staff for the duration of their visit.
- The school will give careful consideration to the suitability of any external organisations who may provide information, resources & speakers to pupils. The arrangements for the individuals providing these services on the school's premises may include an assessment of their education value, the age appropriateness of what is going to be delivered and whether relevant checks will be required (eg for multiple sessions).
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.
- Playground gates open at 7.45 am to enable access to Breakfast Club every morning and locked again at 8.50 am.

40. Complaints

- The school has a Complaints Procedure available to parents, learners and members of staff and visitors who wish to report concerns. This can be found on the school website and in the documents library on CPOMS.
- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific Procedures for Managing Allegations against Staff policy.

41. Policy Monitoring and Review

- This policy will be reviewed at least annually. The policy will be revised following any national or local policy updates, any local child protection concerns and/or any changes to our procedures. Staff will be informed of any changes made.
- The DSL and deputy DSL(S)/safeguarding team/SENCo meet half termly to review all safeguarding cases and check on the actions taken and what further actions are needed. This includes pupils with early help and child protection plans. Emerging patterns which may suggest a safeguarding concern are checked and reviewed at Enhancing Outcomes meetings (issues may include attendance, behaviour, peer relationships and other concerns raised by staff).
- The Designated Safeguarding Lead and Headteacher will provide regular reporting on safeguarding activity and systems to the governing body. The governing body will not receive details of individual children's situations or identifying features of families as part of their oversight responsibility.
- The governing body understands its responsibilities and duties as set out in KCSIE 2023 to ensure the effectiveness of the school's safeguarding arrangements, including those for online safety. In addition to the regular safeguarding reports provided by the DSL, governors will take a proactive varied approach to checking the school's safeguarding arrangements. This will include: meetings with the DSL, visits to school, ascertaining the views of staff, pupils and parents through discussions and/or surveys, use of an audit tool, asking all governors to ask a safeguarding question during meetings with leaders/staff on other aspects of school life (such as subject meetings or SENCo meeting), termly checks of the SCR, review of school data and use of an external consultant.

Appendix 1: Categories & Indicators of Abuse and Neglect

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

De Bohun Primary School & Children's Centre

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education and **all** staff should be aware of it and of their school policy and procedures for dealing with it.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem

Appendix 2: Specific safeguarding issues (KCSIE Annex B)

This text is taken from Annex B of KCSIE (updated for KCSIE 2023) which contains further important additional information about specific forms of abuse and safeguarding issues.

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers.

Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. Many schools provide outdoor-safety lessons run by teachers or by local police staff.

It is important that lessons focus on building children's confidence and abilities rather than simply warning them about all strangers. Further information is available at: <https://www.actionagainstabduction.org> and <https://clevernevergoes.org>

Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)

We know that different forms of harm often overlap, and that perpetrators may subject children and young people to multiple forms of abuse, such as criminal exploitation (including county lines) and sexual exploitation.

In some cases, the exploitation or abuse will be in exchange for something the victim needs or wants (for example, money, gifts or affection), and/or will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator.

Children can be exploited by adult males or females, as individuals or in groups. They may also be exploited by other children, who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim.

Whilst the age of the child may be a contributing factor for an imbalance of power, there are a range of other factors that could make a child more vulnerable to exploitation, including, sexual identity, cognitive ability, learning difficulties, communication ability, physical strength, status, and access to economic or other resources. Some of the following can be indicators of both child criminal and sexual exploitation where children:

- appear with unexplained gifts, money or new possessions
- associate with other children involved in exploitation
- suffer from changes in emotional well-being
- misuse alcohol and other drugs
- go missing for periods of time or regularly come home late, and
- regularly miss school or education or do not take part in education.

Children who have been exploited will need additional support to help keep them in education.

Child Sexual Exploitation (CSE) can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

Some additional specific indicators that may be present in CSE are children who:

- have older boyfriends or girlfriends; and
- suffer from sexually transmitted infections, display sexual behaviours beyond expected sexual development or become pregnant.

Further information on signs of a child's involvement in sexual exploitation is available in Home Office guidance: **Child sexual exploitation: guide for practitioners**

De Bohun Primary School & Children's Centre

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.

Children can be targeted and recruited into county lines in a number of locations including any type of schools (including special schools), further and higher educational institutions, pupil referral units, children's homes and care homes.

Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

A number of the indicators for CSE and CCE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who:

- go missing and are subsequently found in areas away from their home
- have been the victim or perpetrator of serious violence (e.g. knife crime)
- are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs
- are exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection
- are found in accommodation that they have no connection with, often called a 'trap house or cuckooing' or hotel room where there is drug activity
- owe a 'debt bond' to their exploiters
- have their bank accounts used to facilitate drug dealing.

Further information on the signs of a child's involvement in county lines is available in guidance published by the **Home Office and The Children's Society County Lines Toolkit for Professionals**

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds and 12-17 year olds.

The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and can also be a sign of child criminal exploitation including involvement in county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation, 'honour'-based abuse or risk of forced marriage. Early intervention is essential to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. It is important that staff are aware of their school's unauthorised absence and children missing from education procedures.

De Bohun Primary School & Children's Centre

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders, NICCO- <https://www.nicco.org.uk/> provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include:

- unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded
- 'Denial of Service' (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources, and,
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Children with particular skills and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.

If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), should consider referring into the **Cyber Choices** programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low-level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Note that **Cyber Choices** does not currently cover 'cyber-enabled' crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety.

Additional advice can be found at: Cyber Choices, 'NPCC- When to call the Police' and National Cyber Security Centre - NCSC.GOV.UK.

Domestic abuse

The Domestic Abuse Act 2021 received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse. The statutory definition of domestic abuse, based on the previous cross-government definition, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional and economic abuse and coercive and controlling behaviour. Under the statutory definition, both the person who is carrying out the behaviour and the person to whom the behaviour is directed towards must be aged 16 or over and they must be "personally connected" (as defined in section 2 of the 2021 Act).

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse and child to parent abuse. Anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socio-economic status, sexuality or background and domestic abuse can take place inside or outside of the home. The government will issue statutory guidance to provide further information for those working with domestic abuse victims and perpetrators, including the impact on children.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Experiencing domestic abuse can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Young people can also experience domestic abuse within their own intimate relationships. This form of child-on-child abuse is sometimes referred to as 'teenage relationship abuse'. Depending on the age of the young people, this may not be recognised in law under the statutory definition of 'domestic abuse' (if one or both parties are under 16). However, as with any child under 18, where there are concerns about safety or welfare, child safeguarding procedures should be followed and both young victims and young perpetrators should be offered support.

De Bohun Primary School & Children's Centre

Operation Encompass

Operation Encompass operates in all police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when the police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead (or deputy)) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable immediate support to be put in place, according to the child's needs. Operation Encompass does not replace statutory safeguarding procedures. Where appropriate, the police and/or schools should make a referral to local authority children's social care if they are concerned about a child's welfare. More information about the scheme and how schools can become involved is available on the Operation Encompass website.

Operation Encompass provides an advice and helpline service for all staff members from educational settings who may be concerned about children who have experienced domestic abuse. The helpline is available 8AM to 1PM, Monday to Friday on 0204 513 9990 (charged at local rate).

National Domestic Abuse Helpline

Refuge runs the National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247. Its website provides guidance and support for potential victims, as well as those who are worried about friends and loved ones. It also has a form through which a safe time from the team for a call can be booked.

Additional advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

- [NSPCC- UK domestic-abuse Signs Symptoms Effects](#)
- [Refuge what is domestic violence/effects of domestic violence on children](#)
- [Safe Young Lives: Young people and domestic abuse | Safe lives](#)
- [Domestic abuse: specialist sources of support](#) (includes information for adult victims, young people facing abuse in their own relationships and parents experiencing child to parent violence/abuse)
- [Home : Operation Encompass](#) (includes information for schools on the impact of domestic abuse on children)

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into local authority children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties: Homeless Reduction Act Factsheets. The new duties shift the focus to early intervention and encourages those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Local authority children's social care will be the lead agency for these children and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The Department for Levelling Up, Housing and Communities have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/or require accommodation.

De Bohun Primary School & Children's Centre

Mental health

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.

More information can be found in the Mental health and behaviour in schools guidance, colleges may also wish to follow this guidance as best practice. Public Health England has produced a range of resources to support secondary school teachers to promote positive health, wellbeing and resilience among children. See

Every Mind Matters for guidance and links to all materials and lesson plans.

Modern Slavery and the National Referral Mechanism

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in Statutory Guidance. Modern slavery: how to identify and support victims - GOV.UK

Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools or colleges safeguarding approach.

Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Although there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology, there are possible indicators that should be taken into consideration alongside other factors and contexts. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability.

Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

Although not a cause for concern on their own, possible indicators when taken into consideration alongside other factors or context may be a sign of being radicalised. Further information and a list of such indicators can be found at Radicalisation and Extremism - Examples and Behavioural Traits (educateagainsthate.com)

De Bohun Primary School & Children's Centre

The Prevent duty

All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and wider safeguarding obligations. Designated safeguarding leads (and deputies) and other senior leaders in schools should familiarise themselves with the revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies.

The school's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

The designated safeguarding lead (or deputy) should consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse or those who are currently receiving support through the 'Channel' programme, and have that support in place for when the child arrives. Statutory guidance on Channel is available at: Channel guidance.

Additional support

The Department has published further advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts to other sources of advice and support.

The Home Office has developed three e-learning modules:

- Prevent awareness e-learning offers an introduction to the Prevent duty.
- Prevent referrals e-learning supports staff to make Prevent referrals that are robust, informed and with good intention.
- Channel awareness e-learning is aimed at staff who may be asked to contribute to or sit on a multi-agency Channel panel.

Educate Against Hate, is a government website designed to support school teachers and leaders to help them safeguard their students from radicalisation and extremism. The platform provides free information and resources to help school staff identify and address the risks, as well as build resilience to radicalisation.

For advice specific to further education, the Education and Training Foundation (ETF) hosts the Prevent for FE and Training. This hosts a range of free, sector specific resources to support further education settings comply with the Prevent duty. This includes the Prevent Awareness e-learning, which offers an introduction to the duty, and the Prevent Referral e-learning, which is designed to support staff to make robust, informed and proportionate referrals.

The ETF Online Learning environment provides online training modules for practitioners, leaders and managers, support staff and governors/Board members outlining their roles and responsibilities under the duty.

London Grid for Learning have also produced useful resources on Prevent (Online Safety Resource Centre - London Grid for Learning (lgfl.net)).

De Bohun Primary School & Children's Centre

Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur between two children of any age and sex from primary to secondary stage and into colleges. It can also occur online. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school or college. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and face to face (both physically and verbally) and are never acceptable.

It is essential that **all** victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. Detailed advice is available in Part five of this guidance.

Serious Violence

There are a number of indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include:

- increased absence from school
- a change in friendships or relationships with older individuals or groups
- a significant decline in performance
- signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries
- unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

The likelihood of involvement in serious violence may be increased by factors such as:

- being male
- having been frequently absent or permanently excluded from school
- having experienced child maltreatment and having been involved in offending, such as theft or robbery.

A fuller list of risk factors can be found in the Home Office's Serious Violence Strategy.

Professionals should also be aware that violence can often peak in the hours just before or just after school, when pupils are travelling to and from school. These times can be particularly risky for young people involved in serious violence.

Advice for schools is provided in the Home Office's Criminal exploitation of children and vulnerable adults: county lines guidance. The Youth Endowment Fund (YEF) Toolkit sets out the evidence for what works in preventing young people from becoming involved in violence.

Home Office funded Violence Reduction Units (VRU) operate in the 20 police force areas across England and Wales that have the highest volumes of serious violence, as measured by hospital admissions for injury with a sharp object. As the strategic co-ordinators for local violence prevention, each VRU is mandated to include at least one local education representative within their Core Membership group, which is responsible for setting the direction for VRU activity. Schools and educational partners within these areas are encouraged to reach out to their local VRU, either directly or via their education Core Member, to better ingrain partnership working to tackle serious violence across local areas and ensure a joined up approach to young people across the risk spectrum.

The Police, Crime, Sentencing and Courts Act will introduce early in 2023 a new duty on a range of specified authorities, such as the police, local government, youth offending teams, health and probation services, to work collaboratively, share data and information, and put in place plans to prevent and reduce serious violence within their local communities. Educational authorities and prisons/youth custody authorities will be under a separate duty to co-operate with core duty holders when asked, and there will be a requirement for the partnership to consult with all such institutions in their area.

The Duty is not intended to replace or duplicate existing safeguarding duties. Local partners may choose to meet the requirements of the Duty through existing multi-agency structures, such as multi-agency safeguarding arrangements, providing the correct set of partners are involved.

De Bohun Primary School & Children's Centre

So-called 'honour'-based abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving 'honour' often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Actions: If staff have a concern regarding a child who might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, the designated safeguarding lead (or deputy) will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with the police and local authority children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on **teachers** that requires a different approach (see below).

FGM

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory reporting duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers**, along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases may face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's designated safeguarding lead (or deputy) and involve local authority children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty:

Further information can be found in the Multi-agency statutory guidance on female genital mutilation and the FGM resource pack particularly section 13.

Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some perpetrators use perceived cultural practices to coerce a person into marriage. Schools can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit (FMU) has created: Multi-agency practice guidelines: handling cases of forced marriage (pages 75-80 of which focus on the role of schools) and, Multi-agency statutory guidance for dealing with forced marriage, which can both be found at The right to choose: government guidance on forced marriage - GOV.UK (www.gov.uk) School staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fmu@fcdof.gov.uk.

Additional advice and support

There is a wealth of information available to support schools. See Appendix 5.

Appendix 3: Online safety

Online Safety Policy

De Bohun Primary School & Children's Centre

Introduction

At De Bohun, we understand the responsibility to educate our pupils on e-safety issues; teaching them the appropriate behaviours and critical thinking skills to enable them to remain both safe and legal when using the internet and related technologies, in and beyond the context of the classroom.

Both this policy and e-safety Agreement (for all staff, governors, visitors and pupils) are inclusive of both fixed and mobile internet; technologies provided by the school (such as PCs, laptops, whiteboards, digital video equipment, etc); and technologies owned by pupils and staff, but brought onto school premises (such as laptops, mobile phones and camera phones).

Aims

Our aims are:

1. To ensure pupil safety.
2. To protect the security of data for both pupils and staff.
3. To enhance the learning of all pupil.
4. To develop the ICT curriculum so that pupils have a good knowledge and understanding of the availability and uses of ICT to further their learning including the repeated experience of writing computer programs to solve computational problems.
5. Pupils to understand both the need for e-safety and what actions to take if they feel unsafe.

Roles and Responsibilities

As Online Safety is an important aspect of strategic leadership within the school, the Head and governors have ultimate responsibility to ensure that the policy and practices are embedded and monitored. All members of the school community have been made aware of who holds this post. Our role is to keep abreast of current issues and guidance through organisations such as Enfield LA and CEOP (Child Exploitation and Online Protection). Our DSLs receive regular training (at least every two years).

Governors have an understanding of the issues and strategies at our school in relation to local and national guidelines and advice.

This policy is to protect the interests and safety of the whole school community. It is linked to the following mandatory school policies: child protection, health and safety, home-school agreements, behaviour, data protection and the staff code of conduct.

De Bohun Primary School & Children's Centre

Online Safety skills development for staff

- Our staff receive information and training on e-safety issues in the form of inset, training courses and half termly safeguarding e-bulletins.
- New staff receive information on the school's acceptable use policy as part of their induction.
- All staff have been made aware of individual responsibilities relating to the safeguarding of children within the context of online safety and know what to do in the event of misuse of technology by any member of the school community.
- All staff are encouraged to incorporate online safety activities and awareness within their curriculum areas. Discrete online safety lessons are delivered by the school's Computing Teacher, including learning during online safety week.

Online Safety in the curriculum

Computing and online resources are increasingly used across the curriculum. We believe it is essential for online safety guidance to be given to the pupils on a regular and meaningful basis.

Online safety is embedded within our curriculum and we continually look for new opportunities to promote online safety

- The school has a framework for teaching internet skills in computing lessons
- The school provides opportunities within a range of curriculum areas to teach about e-safety.
- Educating pupils on the dangers of technologies that maybe encountered outside school is done formally within the curriculum when opportunities arise and as part of the e-safety curriculum.
- Pupils are taught about copyright and respecting other people's information, images, etc through discussion, modelling and activities.
- Pupils are aware taught about of the impact of online bullying and know how to seek help if they are affected by these issues. Pupils are also aware of where to seek advice or help if they experience problems when using the internet and related technologies.
- Pupils are taught to evaluate materials critically and learn research skills through cross curricular teacher models, discussions and via the computing curriculum.
- The LGFL filter system operates in school, ensuring as far as possible, inappropriate content is filtered from children.
- Children are always supervised when using the internet (either in discreet lesson, or using iPads for a particular task)

De Bohun Primary School & Children's Centre

Mobile technologies

Many emerging technologies offer new opportunities for teaching and learning including a move towards personalised learning and 1:1 device ownership for children and young people. Many existing mobile technologies such as portable media players, PDAs, gaming devices, Smart phones are familiar to children outside of school too. They often provide a collaborative, well-known device with possible internet access and thus open up risk and misuse associated with communication and internet use. Emerging technologies will be examined for educational benefit and the risk assessed before use in school is allowed. Our school chooses to manage the use of these devices in the following ways so that users exploit them appropriately. We follow LA policy guidelines in order to protect both staff and pupils.

- Staff should always use school cameras, and ipads and not take pictures on personal mobiles
- The school is not responsible for the loss, damage or theft of any personal mobile device.
- The sending of inappropriate messages between any members of the school community is not allowed.
- Personal devices should not be used for recording in any form.
- Pupils should not bring personal mobile devices/phones to school. Any brought in must be handed in to the school office.
- Pupils may only use school approved accounts on the school system and only under direct teacher supervision for educational purposes.
- Personal mobile phones should not be used by staff in the presence of children unless in an emergency.
- Pupils are not permitted to use personal digital equipment, including mobile phones and cameras, to record images of the others, this includes when on school trips.

Pupils are introduced to email as part of the computing curriculum. At any event in school, the audience are advised that any recording must be kept for personal use and is not to be published in any way.

Safe Use of Images

With the written consent of parents (on behalf of pupils) and staff, the school permits the appropriate taking of images by staff and pupils with school equipment.

Staff are not permitted to use personal digital equipment, such as mobile phones and cameras, to record images of pupils, this includes when on school trips. However with the express permission of the Headteacher, images can be taken provided they are transferred immediately and solely to the school's network and deleted from the staff device.

De Bohun Primary School & Children's Centre

Publishing pupil's images and work

On a child's entry to the school, all parents/guardians will be asked to give permission to use their child's work/photos in the following ways:

- For assessment purposes
- To help liaison with educational support services
- To liaise with PCT professionals to assist medical discussions
- On the school web site
- On the school's Learning Platform
- In the school prospectus and other printed publications that the school may produce for promotional purposes
- The school's social media platforms
- For recorded transmission on a video
- In display material that may be used in the school's communal areas
- In display material that may be used in external areas, i.e. exhibition promoting the school
- General media appearances, e.g. local/national media/press releases sent to the press highlighting an activity (sent using traditional methods or electronically).

This consent form is considered valid for the entire period that the child attends this school unless there is a change in the child's circumstances.

Storage of Images

Pupils and staff are not permitted to use personal portable media for storage of images (e.g., USB sticks) without the express permission of the Headteacher.

Rights of access to this material are restricted to the teaching staff and pupils within the confines of the school network/ Learning Platform. Please refer to the Data Protection Policy for more information.

Misuse and Infringements

Any complaints will be dealt with following the School's Complaint Policy.

Inappropriate material

- All users are aware of the procedures for reporting accidental access to inappropriate materials. The breach must be immediately reported to the Headteacher.
- Deliberate access to inappropriate materials by any user will lead to the incident being logged by the Headteacher, depending on the seriousness of the offence; investigation by the Headteacher/ LA, immediate suspension, possibly leading to dismissal and involvement of police for very serious offences
- Users are made aware of sanctions relating to the misuse or misconduct. Please refer to the code of conduct for more information.

Parental Involvement

We believe that it is essential for parents/carers to be fully involved with promoting e-safety both in and outside of school. We regularly consult and discuss online safety with parents/carers and seek to promote a wide understanding of the benefits related to ICT and associated risks.

The school disseminates information to parents relating to online safety where appropriate in the form of:

- Information
- Posters
- Website
- Newsletter items
- Parent workshops

Prevent Radicalisation

We recognise that the school plays a significant part protecting children from the risk of radicalisation and will follow section 26 of the Counter-Terrorism and Security Act 2015.

The school community will therefore:

- Ensure that the designated safeguarding lead undertakes Prevent awareness training and is able to provide advice and support to other members of staff on protecting children from the risk of radicalisation.
- Ensure that staff receive Prevent awareness training to equip them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.
- Alert the Designate to signs of changes in pupils' behaviour which could indicate they are in need of help or protection.
- Ensure that children are safe from terrorist and extremist material when accessing the internet in schools, by ensuring that they are supervised and that the correct filters (LGFL) are in place.

Appendix 4: Child-on-child abuse

De Bohun Primary School

CHILD-ON-CHILD ABUSE POLICY

The policy should cover all forms of child-on-child abuse, including sexual violence/sexual harassment, and serious violence – see list below. There is an anti-bullying strategy in place to prevent bullying, that staff are aware of this and actively work to prevent bullying.

Introduction

Statement of intent

De Bohun Primary school is committed to safeguarding and promoting the welfare of every pupil, both inside and outside of the school premises, and is aware that abuse against children can be inflicted by other children. We implement a whole-school preventative approach to managing child-on-child abuse, ensuring that the wellbeing of pupils is at the forefront of all action taken.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance.

It will be achieved by:

- Creating a culture of mutual respect amongst pupils, irrespective of protected characteristics.
- Teaching pupils about behaviour that is acceptable and unacceptable.
- Identifying and making provision for any pupil that has been subject to abuse.
- Ensuring that members of the governing board, the headteacher and staff members understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child-on-child abuse, and know to refer concerns to the DSL.

All safeguarding concerns and child protection matters will be immediately referred to one of the schools designated safeguarding leads, as outlined in the school's Safeguarding policy.

Child-on-Child Abuse

Types of child-on-child abuse

- bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- abuse in intimate personal relationships between peers;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse);
- sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence);
- sexual harassment, such as: sexual comments, jokes and taunting; physical behaviour e.g. deliberately brushing against someone; and online sexual harassment including upskirting, sexualised online bullying, Unwanted sexual comments and messages, including on social media and sexual threats or coercion.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party;
- consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery);
- upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtaining sexual gratification, or cause the victim humiliation, distress or alarm; and
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
- The “sharing of sexualised imagery” can also constitute sexual harassment – this refers to the consensual and non-consensual sharing between pupils of sexually explicit content, including that which depicts:
 - Another child posing nude or semi-nude
 - Another child touching themselves in a sexual way
 - Any sexual activity involving another child
 - Someone hurting another child sexually

Consensual image sharing, especially between older children of the same age, may require different responses. It may not be abusive but children still need to know it is illegal, whilst non-consensual is illegal and abusive. The issue of consent is taken very seriously and children are taught about consent.

Staff will be aware that children creating, possessing, and distributing indecent imagery of other children is a criminal offence, even where the imagery is created, possessed, and distributed with the permission of the child depicted, or by the child themselves. Incidents of sharing sex which may be standalone or part of a broader pattern of abuse;

De Bohun Primary will respond appropriately to **all** reports and concerns about sexual violence and/or sexual harassment both online and offline, including those that have happened outside of the school/college. Details of all incidents of bullying will be recorded and are analysed as part of SLT meetings and reported to governors termly. This includes looking for patterns and trends and links to safeguarding.

Whole-school approach and prevention

The school will continue to involve all members of the school community, including the governing board, staff, pupils, parents and other stakeholders, in creating a whole-school approach to child-on-child abuse. The school will ensure that procedures for handling child-on-child abuse are transparent, clear and understandable, and are readily accessible to any member of the school community who wishes to access them. There is a clear understanding that ‘it can happen here’ as well as both inside and outside the school, and online.

The school will implement a contextual approach to safeguarding pupils against child-on-child abuse, and will ensure that all procedures consider incidents of child-on-child abuse that occur outside of school or online.

The Headteacher will ensure that all staff receive adequate training on handling child-on-child abuse.

School culture

The school prioritises cultivating a safe and respectful environment amongst pupils, and ensures that all pupils are aware that the school adopts a zero-tolerance stance on child-on-child abuse of any kind. The school promotes respectful interactions amongst pupils, and all staff model appropriate and respectful behaviour. Staff will take care to avoid normalising harmful behaviour, particularly harmful sexual behaviour, e.g. by refraining from the use of phrases such as 'boys will be boys' or describing such behaviour as 'just having a laugh' or 'part of growing up' as this can lead to an unsafe environment for children

De Bohun Primary will ensure that wider societal factors that exacerbate the problem of child-on-child abuse are reflected in its approach to creating a preventative culture. This means that individuals who are more likely to be abused, e.g. girls or LGBTQ+ pupils, or those who are at increased risk of acting as a perpetrator in abusive situations, e.g. due to abusive home situations or anger management issues, are given additional support from an early stage. The school manages all early help and intervention for pupils showing early signs of harmful behaviour, or early signs of being the victim of harmful behaviour, in line with the Child Protection policy.

All staff will be aware that peer on peer abuse can be manifested in many ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.

Curriculum

The school maintains the position that education surrounding respectful and healthy attitudes and behaviour towards others is the best way to combat peer-on-peer abuse in the school. All staff, not just teaching staff, are responsible for passing this knowledge on to pupils. In order to prevent child-on-child abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum and extra-curricular activities. The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum and in the teaching of PSHE lessons. Such content will be age and stage of development specific, and tackle issues such as the following:

- Healthy relationships
- Respectful behaviour
- Stereotyping and equality
- LGBTQ+ identities and relationships
- Mental health and wellbeing
- Prejudiced and discriminating behaviour
- Addressing cultures of sexual harassment and that it is always wrong

De Bohun Primary acknowledges that children may not find it easy to tell staff and are reminded that children can show signs in ways. Therefore, pupils will be allowed an open forum to talk about concerns and sexual behaviour with members of staff at school, both during lessons and in student surveys. They are taught how to raise concerns and make a report, including concerns about their friends or peers. The curriculum will ensure that pupils of all ages are taught about and understand the concept of consent and its importance in an age-appropriate way.

Vulnerable pupils

All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as "banter" or "part of growing up". All staff will be aware that peer on peer abuse can be manifested in many ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm. Where a pupil is found to have been involved in harmful sexual behaviour, the school will help the pupil to move forward from the incident by supporting them in adopting more positive behaviour patterns and attitudes.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil's SEND and will always explore indicators further. Staff will be aware that girls are more likely to be on the receiving end of child-on-child sexual abuse and that sexual violence and harassment against girls is common. De Bohun

Primary will aim to promote and nurture healthy attitudes and relationships amongst pupils of all genders. Staff will be aware that LGBTQ+ pupils are more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ pupils. The school's response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between pupils of the opposite sex.

Managing disclosures and allegations

Staff will act immediately when they become aware of an incident. Staff always respect pupils' privacy, and information about specific instances of bullying are not discussed with others, unless the pupil has given consent, or there is a safeguarding concern. If a member of staff believes a pupil is in danger, e.g. of being hurt, they will inform the DSL immediately.

Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed. If a friend of a victim makes a report or a member of staff overhears a conversation, staff will act – they will never assume that someone else will deal with it. The basic principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively. If staff are in any doubt over how to handle an incident or report, they will speak to the DSL. The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident on CPoms and decide what course of action is necessary, with the best interests of the pupil in mind at all times. Any reports or concerns of peer-on-peer abuse including bullying are reported to the Designated Safeguarding Lead using CPOMS. When concerns are reported, the DSL or their deputies act in accordance with part one of Keeping Children Safe in Education (September 2023). The school will support both victims and perpetrators alongside parents and outside agencies. A risk assessment may be written for any disclosures made by a pupil about sexual violence or behaviour. The outcomes of any risk assessment may result in the perpetrator being removed from the classroom they share with the victim.

Confidentiality

The school will only engage with staff and agencies required to support the victim and/or be involved in any investigation. If a victim asks the school not to tell anyone about the disclosure, the school will not make this promise. Even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm. The DSL will consider the following when making confidentiality decisions:

- Parents will be informed unless it will place the victim at greater risk.
- If a pupil is at risk of harm, is in immediate danger or has been harmed, a referral will be made to Enfield MASH.
- Rape, assault by penetration and sexual assaults are crimes – reports containing any such crimes will be passed to the police.

Procedures

Minor incidents will be reported to the victim's teacher, who investigates the incident, sets appropriate sanctions for the perpetrator and informs the DSL of the incident and outcome. This should be logged on a reflection form.

When investigating an incident, the following procedures are adopted:

- The victim, alleged perpetrator and witnesses are all interviewed separately
- Members of staff ensure that there is no possibility of contact between the pupils being interviewed, including electronic communication where appropriate
- If a pupil is injured, members of staff take the pupil immediately to the school nurse for a medical opinion on the extent of their injuries
- A room is used that allows for privacy during interviews
- A witness is used for serious incidents
- If appropriate, the alleged perpetrator, the victim and witnesses, are asked to write down details of the incident; this may need prompting with questions from the DSL to obtain the full picture
- Premature assumptions are not made, as it is important not to be judgmental at this stage
- Members of staff listen carefully to all accounts, being non-confrontational and not assigning blame until the investigation is complete
- All concerned pupils are informed that they must not discuss the interview with other pupils

The designated safeguarding lead (or deputy) is likely to have a complete safeguarding picture and should be involved in the decision making on the initial response by the school. Important considerations will include:

- the wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment. Victims should be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered.
- the nature of the alleged incident(s), including whether a crime may have been committed
- the ages of the children involved
- the developmental stages of the children involved
- any power imbalance between the children. For example, is/are the alleged perpetrator(s) significantly older, more mature, confident and well known social standing? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse (sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature)
- that sexual violence and sexual harassment can take place within intimate
- personal relationships between children
- importance of understanding intra familial harms and any necessary support for siblings following incidents
- are there ongoing risks to the victim, other children, adult students or school or college staff, and
- other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.

Due to the potential for sexist, transphobic, sexual, bullying to be characterised by inappropriate sexual behaviour, staff members involved in dealing with the incident are required to consider whether there is a need for safeguarding processes to be implemented.

Sanctions

If the DSL, with support from the Headteacher, is satisfied that bullying and/or child on child abuse did take place, the pupil will be helped to understand the consequences of their actions and warned that there must be no further incidents. The DSL/Headteacher informs the pupil of the type of sanction to be used in this instance, such as reflection, internal exclusion or fixed term exclusion, and future sanctions if the bullying continues. If possible, the DSL will attempt reconciliation and will obtain a genuine apology from the perpetrator. This will either be in writing to the victim (and/or witnesses if appropriate), or face-to-face, but only with the victim's full consent. Discretion will be used here; victims will never feel pressured into a face-to-face meeting with the perpetrator. The perpetrator is made to realise that some pupils do not appreciate the distress they are causing, and that they should change their behaviour. Some children may benefit from early help. Early help means providing support as soon as a problem emerges, at any point in a child's life. Providing early help is more effective in promoting the welfare of children than reacting later. Parents are informed of bullying incidents and what action is being taken. The DSL informally monitors the pupils involved over the next half-term.

Child-on-Child Sexual Violence and Sexual Harassment

Response to a report of sexual violence and sexual harassment

Sexual violence and sexual harassment can occur between two or more children from any age and sex. It can exist on a continuum and may overlap; they can occur both online and face to face. It is never acceptable – neither in or out of school and we have a zero tolerance approach. Any report of sexual violence or harassment is taken seriously and all victims will be reassured that they are being taken seriously and that they will be supported and kept safe. Any victims are taken seriously, regardless of time taken to come forward and regardless of whether the abuse occurred online or outside school; they will be reassured that they are not creating a problem, reassured not to feel ashamed or that they will be criminalised. We will work with the victim's parents/carers to discuss what arrangements can be put into place to safeguard the victim and to understand their wishes in terms of additional support they may need.

All reported incidents will be investigated in line with our behaviour policy by a designated safeguarding lead. The DSL will contact the Enfield Multi-Agency Safeguarding Hub (MASH) in line with Enfield Safeguarding procedures, following and implementing the advice given.

With regard to the alleged perpetrator(s), De Bohun Primary will follow its behaviour policy and come to its own conclusion and impose sanctions accordingly, this will not be dependent on investigations from other professional bodies. De Bohun Primary will meet with the alleged perpetrators parents/carers to discuss any arrangement that we may put into place that may impact them.

Record keeping and management

Staff are trained in how to manage a report. All records will be recorded on CPoms. As part of our record keeping and investigations two members of staff will be present should any images require to be shared. It may be appropriate to confiscate any devices to preserve any evidence and hand them to the police for inspection.

When managing a disclosure staff are aware of the need to not promise confidentiality to the pupil as there may be a need to share the disclosure with a DSL. Staff will recognise the impact of a disclosure on the individual and they will be supportive and respectful of the child. We will keep in mind that certain children may face additional barriers to telling someone due to their vulnerability, disability, sex, ethnicity, and/or sexual orientation.

In the event that either a victim or perpetrator moves to another educational institution (for any reason), De Bohun Primary will share information with the new educational setting so that they are aware of any ongoing support needs and where appropriate potential risk to others.

Risk assessment

When there has been a report of sexual violence, the DSL will make an immediate risk and needs assessment. Where there has been a report of sexual harassment the need for a risk assessment will be considered on a case by case basis. The risk and needs assessment for a report of sexual violence will consider:

- the victim; especially their protection and support
- whether there have been any other victims
- the alleged perpetrator(s)
- all the other children (and if appropriate adult students and staff) at the school especially any actions that are appropriate to protect them from the alleged perpetrator(s) or from future harms, and
- the time and location of the incident and any action required to make the location safer.

These risk assessment will be regular reviewed and De Bohun Primary will endeavour to put adequate measures in place to protect them and keep them safe. We will engage with the Enfield children's social care and specialist services as required.

Considerations

De Bohun Primary maintain an attitude of 'it could happen here'. When considering the initial response the DSL will take into consideration:

- the wishes of the victim
- the nature of the alleged incidents
- the ages and the developmental stages of the children involved
- any power imbalance between the children
- if the alleged incident is a one-off or a sustained pattern of abuse
- ongoing risks to the victim and others
- other related issues and the wider context

During the investigation it may become apparent that the perpetrator is in need of support to stop them reoffending and to address any underlying trauma that may have caused this behaviour. We acknowledge that addressing inappropriate behaviour can be an important intervention that can prevent further inappropriate behaviour in the future.

Four management options

There are four likely scenarios for De Bohun Primary to consider when managing any report of sexual violence and/or sexual harassment

1. Manage internally
2. Early help
3. Referral to children's social care
4. Reporting to Police also managing the criminal process

Unsubstantiated, unfounded, false and malicious reports

De Bohun Primary will review records for patterns of concerning and problematic or inappropriate behaviour and if found false, consideration that the child and/or person who made the allegation is in need of support and any potential disciplinary action.

Working with parents and carers

De Bohun Primary will engage with both the victim's and the alleged perpetrators families when there has been a report of sexual violence, but this may not be the case with sexual harassment. The exception to this rule is if there is a reason to believe informing the parent/carer will put the child at additional risk. De Bohun Primary will be guided by Enfield children's social care and/or police to ensure a consistent approach is taken to information sharing. The DSL will meet the victim's parents.

Safeguarding other children

De Bohun Primary is aware that witnessing sexual violence is likely to be traumatic and we will endeavour to support the other children to ensure that there are no further incidences of bullying or harassment. All children will be taught to inform staff about any social media contact between victims and alleged perpetrators.

Dealing with Child-on-Child Abuse (Bullying) That is Not Classed as Sexual Violence and Sexual Harassment

Rationale

At De Bohun Primary we are committed to providing a caring, friendly and safe environment for all of our pupils so that they can learn in a relaxed and secure atmosphere. **Bullying of any kind is unacceptable at our school.**

If bullying does occur, all pupils and their parents should be able to tell an adult and know that incidents will be dealt with promptly and effectively. This means that anyone who knows that bullying is happening is expected to tell staff. This policy should be read in conjunction with our Behaviour Policy.

Objective

This policy outlines what De Bohun Primary School is doing to tackle and prevent bullying. We believe that it is the responsibility of the whole school community to deal effectively with bullying.

What is bullying?

It is essential that the De Bohun Primary School community has a shared understanding and definition of bullying so that we can work together to tackle and prevent it. The Government defines bullying as:

"Behaviour by an individual or group, usually repeated over time, that intentionally hurts another individual or group either physically or emotionally."

Bullying can be:

- Emotional: being unfriendly, excluding, tormenting
- Physical: pushing, kicking, hitting or any other use of violence
- Racist: racial taunts, graffiti, gestures
- Sexual: unwanted physical contact or sexually abusive comments
- Homophobic: because of, or focusing on, the issue of sexuality
- Verbal: name-calling, sarcasm, spreading rumours, teasing

- **Cyber:** bullying concerned with all areas of the internet, such as email and social media websites, mobile phone threats via texts and calls, misuse of associated technology, i.e. camera & video facilities

All staff must be aware that bullying issues can manifest themselves via child on child bullying, which can include cyber bullying, gender based violence or sexual assaults and sexting (when someone sends or receives a sexually explicit text, image or video.)

Pressurising someone into sending nude selfies, pictures or sharing someone's picture without their permission, even if it's a friend, is wrong and illegal; as is being touched in a sexual way that makes you uncomfortable or being made to sexually stimulate yourself or others. The school will follow the procedures set out in this policy to protect pupils against child on child bullying and promote open conversations through our PHSE programme. Staff will also follow all cases of bullying or abuse through the procedures set out in our Safeguarding Policy. Raising awareness with all pupils about the effects of child on child bullying is essential, as is ensuring all pupils have a voice in the school and are given opportunities and support to raise concerns.

We are committed to ensuring that:

- All governors, teaching and non-teaching staff, pupils and parents have an understanding of what bullying is.
- All governors, teaching and non-teaching staff know what the school policy is on bullying and follow it when bullying is reported.
- All pupils and parents know what the school policy is on bullying, and what they should do if bullying arises.
- Pupils and parents feel supported when bullying is reported.
- All staff are trained to identify bullying and follow the school's Behaviour Policy and procedures on bullying.
- We recognise and address the needs of all parties involved in incidences of bullying.

De Bohun Primary is a bully-free zone

At this age, school children are learning about social interaction and building relationships. Sometimes they fall out or are unkind to their friends. It is important to distinguish friendship issues from incidents of bullying. Such situations will be investigated, monitored and managed in accordance with the school's Behaviour Policy unless the investigations suggest that the situation has become bullying.

We take bullying very seriously. If after our investigation there is no evidence of bullying, but there is evidence of a falling in and out of friendship, the situation will be monitored by the DSL following the anti-bullying policy. A phone call will be made after a one week period to a parent or carer, to see how things are. The DSL will check on the child, at least once a term to ensure they feel happy and safe. The class teacher will continue to monitor the child closely.

Signs and symptoms

We expect pupils to tell an adult if they or someone they know is being bullied. Sometimes pupils are reluctant to come forward and tell and therefore the school community must be vigilant for indicators which might suggest that a pupil is being bullied.

There is no fool-proof way of telling that someone is being bullied and some signs could be signs or effects of something else.

Adults should be aware of the following possible signs, and they should investigate if a child:

- Is frightened of walking to or from school.
- Changes their usual routine.
- Is unwilling to go to school.
- Becomes withdrawn, anxious, or lacking in confidence.
- Starts stammering.
- Cries themselves to sleep at night or has nightmares.
- Feels ill in the morning
- Begins to do poorly in school work.

- Has possessions which are damaged or "go missing."
- Has unexplained cuts or bruises.
- Becomes aggressive, disruptive or unreasonable.
- Is bullying other children or siblings.
- Stops eating.
- Is nervous or afraid to use the internet or their mobile phone.

Preventing, identifying and responding to bullying

Bullying hurts. No one deserves to be a victim of bullying. Every pupil has the right to be treated with respect and feel safe at school. Bullying is serious both for the victim and for the bully. The victim needs to be supported and made to feel safe. Those who bully need to be supported in learning different ways of managing their feelings, thoughts and behaviours.

At De Bohun Primary, staff and pupils take steps to minimise the opportunities for bullying to take place. These measures include:

- The early identification and support of vulnerable children, including those who are most at risk of being bullied.
- Actively providing systematic opportunities to develop pupils' social and emotional skills, including their self-regulation, support systems and resilience.
- Zoned playground areas, including a quiet area.
- The modelling and reinforcement of positive, respectful behaviour and relationships. (The De Bohun Way)
- Ensuring that pupils are aware of the sanctions which may be applied against pupils who bully.
- Working with staff and outside agencies to identify and address all forms of bullying.
- Consider all opportunities for addressing bullying including through the curriculum and displays.

Regrettably, bullying can sometimes happen. At De Bohun Primary we want to support everyone in the school community to be able to identify bullying and respond effectively if it does happen. We use a range of strategies and resources to provide opportunities for pupils to report bullying and feel supported if they are or know someone who appears to be being bullied. Both the affected pupil(s) and the perpetrator will need support and both sets of parents/carers will be informed.

These strategies and resources include:

- Playground friends
- 'Worry boxes' in classrooms and throughout the school.
- The use of PSHE lessons, or during assemblies or P4C lessons, and 'Beat Bullying' resources.
- Circle time opportunities.
- Staff, visible and accessible, during playtimes and lunchtimes.
- Useful websites and helpline contact numbers displayed in the school.
- Consideration with parents and child of referral to Counselling, either in-school or external as appropriate
- Key staff member if applicable
- Spot checks
- Check-ins with affected pupils

Procedures and outcomes

De Bohun Primary has a responsibility to respond promptly and effectively to issues of bullying.

If an incidence of bullying is reported, we will:

- Ensure that the DSL will investigate the matter thoroughly, with all parties involved.
- Staff will check in with affected pupil(s) daily- scaling the pupils involved.
- When necessary, inform parents/ carers of the findings of any investigations into bullying involving their child/ren.
- A follow up phone call will be made by the DSL to the parents/carers after a week of reporting a bullying incident, to check that everything is well. If there are any further concerns, parents and carers will be invited in for discussion.

If an incidence of bullying has taken place, we will:

- Apply sanctions and consequences in accordance with the school's Behaviour Policy, leading up to and including exclusion.
- Monitor and review the situation after sanctions have been applied, to ensure that repeated bullying does not take place.
- Support reparative work, including asking perpetrators to apologise after considering the impact on themselves and others, and, where possible, supporting reconciliation and more appropriate ways of relating in the future

De Bohun Primary school will regularly discuss, monitor and evaluate this policy to ensure that De Bohun Primary is a safe place to learn.

Appendix 6

Pupil Well-Being Strategy

Statement of Intent

Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly including online. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy and how to manage their academic, personal and social lives in a positive way. The government wants pupils to leave school prepared, in the widest sense, for adult life. (*Department of Education 2019*)

Why is Pupil Well-Being important at De Bohun?

A healthy school ensures that when pupils are unhappy, anxious or distressed there are open channels for them to seek or be offered, without stigma and with appropriate confidentiality. A healthy school actively seeks to promote emotional health and well-being and helps pupils to understand their feelings. At De Bohun we work towards positive emotional health and well-being for all our pupils.

Context and Rationale

Emotional health and well-being promotes school success and improvement by:

- Contributing positively to priorities such as enhancing teaching and learning, rising standards, promoting social inclusion and improving behaviour and attendance.
- Involving pupils more fully in the operation of the school
- Helping pupils feel happier, more confident and more motivated

Aims

- Happier and more motivated pupils who get more out of life
- Pupils who are more engaged in a challenging learning process
- Pupils with high self-esteem and confidence to work independently
- Regular consultation with pupils and parents about change and developments in school
- Provide a range of services to support pupils' need.

Procedures

Proactive

At De Bohun we take a number of proactive strategies to support pupil well-being

• Designated well-being leader (DSL)	• friendship stops
• regular assemblies	• questionnaires
• positive behaviour management strategy	• staff training
• Effective circle time discussions	• effective parental communication
• playground buddies	• effective links with the curriculum

Reactive

Concern about a pupil's well-being is reported	
STAGE 1	Concern is logged by staff to Designated Safeguarding Team at school and if appropriate moves to stage 2
STAGE 2	Designated Safeguarding Leader will investigate concern to be dealt with in school.
STAGE 3	Parents or carers of the pupil are contacted to inform them that a concern about a pupil's well-being has been reported or is suspected and will explain how the pupil will be supported.
STAGE 4	Child's Voice The child completes a monitoring and investigation programme (<i>appendix a</i>). This scales the child's day and allows the DSL to understand the child's point of view. The duration of this stage depends on the need of the child.
STAGE 5	At the end of the monitoring period, the DSL will decide the next steps.
STAGE 6	The DSL will share next steps with parents/carers
STAGE 7	A full record of the support given are recorded and logged (<i>appendix b</i>)

De Bohun's Well-Being Strategy

Child's Voice

Child's name:

Class:

Thank – you for sharing your worry with us. We need to know how you feel every day and also find out what is happening, so we can help you.

Date	Score <i>(1 = an absolutely awful day and 10 = a fantastic day)</i>	Why did you write that score? What happened today?

Is there anything else you would like to tell us?

Appendix (b)

De Bohun's Well Being Strategy

DSL Record

Child's name: **Class:**

Stage	Action complete? Please include times and dates
Concern is logged with the Designated Safeguarding Lead	
Parents or carers of the pupil are contacted by DSL to inform them that a concern about a pupil's well-being has been reported or is suspected and will explain how the pupil will be supported.	
Child's Voice The child scales their day (appendix a). The duration of this stage depends on the need of the child. Record of the start and end of monitoring to be recorded here.	
Strategies used by DSL/Teacher and their impact on the pupil are recorded here.	
The DSL will discuss next steps with teacher.	
Next Steps are:	
DSL shares the next steps with parents/carers.	
Date when support ended.	
Record of Support filed	

What paperwork is attached to this record?
