

De Bohun Primary School

E-Safety Presentation

Tuesday 9 December

Please remember...

'When used safely, the internet is an amazing learning resource for children.'

Some facts...

There are 7.1 billion people in the world and 7.4 billion active mobile phones.

Facebook – 1.3 billion profiles worldwide

300m photos uploaded every day

Youtube – 4 billion videos watched every day

60 hours of video uploaded every minute

WhatsApp – 34 billion messages sent every day

Some facts...

- In 2013 29% of children aged 8-11 were 'friends' with someone online that they had never met
- 40% of 13-18 year olds admitted SEXTING
- 60% of 13-18 year olds admitted to seeing inappropriate images of others
- Children as young as 8 years old are blackmailed or exploited for photographs they have posted online

Youngsters consistently change how they communicate as they get older...

Snapchat deletes the photo doesn't it...??

**THINK
U
KNOW**
.co.uk

Welcome to CEOP's Thinkuknow

Come in to find the latest information on the sites you like to visit, mobiles and new technology. Find out what's good, what's not and what you can do about it. If you look after young people there's an area for you too – with resources you can use in the classroom or at home. Most importantly, there's also a place which anyone can use to [report](#) if they feel uncomfortable or worried about someone they are chatting to online. All the information here is brought to you by the team at the [NCA's CEOP Command](#). We hope you like it!

Are you...

 5-7?	 8-10?	 Parent/ Carer?
 11-13?	 14+?	 Teacher/ Trainer?

What happens when a **ClickCEOP** report is sent?

CEOP is a law enforcement agency — reporting is like reporting to police

Child empowered to make a 'police statement' — but never pressured to

Often voluntary agencies get involved afterwards to work with children moving forward

What can you do?

- Have the conversation early and often
- Ask your child what they do online (including phones)
- Let your child teach you how to use social networks and games
- Know who your child is talking to online
- Set rules and agree boundaries
- Make sure content is age appropriate
- Use parental controls
- Make sure your child's privacy is protected
- Check your child knows how to use reporting tools
- Ensure internet access is in an exposed place within the home – there should be nothing to hide
